MOTOR VEHICLES USED BY SCHOOL

The most current version of this document available at www.drivertraining.ohio.gov

Ohio Administrative Code requirement: Every motor vehicle used by the school shall be inspected during the school's annual inspection. No motor vehicle shall be used for driver training unless it has passed an inspection by the enterprises Authorizing Official or Training Manager prior to its use for driving training.

List all motor vehicles used for driver training with this driving school at any time during the report year. If additional pages are needed, photocopy this page and attach any additional pages to the back of this report. Please type all information.
