June 26, 2014

Dear Stakeholder,

You are invited to offer public comment as outlined in this notice regarding Chapter 4501-41 of the Ohio Administrative Code (O.A.C) entitled "Reflectorized window materials."

You are receiving this message pursuant to the requirements of Executive Order 2011-011K and Senate Bill 2 of the 129th General Assembly, which require state agencies, including the Ohio Department of Public Safety, Ohio State Highway Patrol (OSHP), to draft rules in collaboration with stakeholders, assess and justify any adverse impact on the business community (as defined by Senate Bill 2), and provide opportunity for interested parties to submit feedback regarding proposed rules.

O.A.C Chapter 4501-41 governs the use of transparent, nontransparent, translucent and reflectorized materials in or on motor vehicle windshields, side windows, side wings and rear windows by establishing the maximum level of tinting allowed to be installed in motor vehicles while ensuring public safety and the safety of law enforcement and emergency responders. In response to a completed R.C. 119.032 five-year rule review, rules 4501-41-01 and 4501-41-02 are being proposed without change, and rules 4501-41-03 to 4501-41-05 are proposed for amendment to update the URL address for accessing the Code of Federal Regulations.

O.A.C. Chapter 4501-41 and the link to submit comments may be accessed electronically via OSHP's small business regulatory website at http://www.publicsafety.ohio.gov/oshp_rules_comment.stm.

All interested parties are invited to offer public comment at OSP.rules@dps.state.oh.us regarding the proposed rules. **Public comments may be submitted through 11:59 p.m. on July 10, 2014.**

Please copy the Common Sense Initiative Office, which governs the state's regulatory process, at CSIPublicComments@governor.ohio.gov on all public comments that you submit.

Sincerely,

Sgt. Isaac Saunders
