SWAT MEDIC 5 DAY BASIC AND ADVANCED CLASS

"Bringing Good Medicine to Bad Places"

Sponsored by:

City of St. Marys Ohio Fire Department

Dates:

May 13th – May 17th 2013

"Medic Up!" is the command given to initiate medical care in the tactical arena. Is your team ready for that call? Are you ready for that call? Will you have the training and skill to perform your duties in an austere environment? Join us for a 5 day course that will prepare you for the tactical environment and learn the skills necessary to operate within the tactical arena.

This intense, high speed 5 day course will provide the participant with the basic understanding of the SWAT medic program, the elements needed to design and operate a team and the skills needed to be able to perform medical care in austere environments. Students will learn the basics of treatment advances in battlefield care as well as basic tactics and team movements. Participants will receive classroom instruction as well participate in realistic scenario's providing care in austere environments.

LAW ENFORCEMENT ADVANTAGES

The MEDIC UP training course is not only for trained medical personnel. Law enforcement officers will find the information taught helpful in their day to day patrol activities as well as a review of tactics trained by one of our professional instructors. The course will give the law enforcement officer basic knowledge of officer down and officer rescue techniques, as well as treatment they can provide before medical care arrives. This training is a MUST in today's world for our law enforcement professionals.

EMS Con-ED Credits may be available

Class cost for pre-registration for the Basic and Advanced combined class is \$950.00. Register soon as there is a limit on the number of students. Students can download our registration form from our website under the class pricing link. Registration closes April 13th, 2013.
