TACTICAL EMERGENCY MEDICAL SUPPORT (TEMS) COURSE

April 29 – May 03, 2013
The Ohio State Highway Patrol
Training Academy
Columbus, Ohio

This 55+ hour course is provided by Tactical Medics International (TMI), and is hosted and co-sponsored by The Ohio State Highway Patrol, the Ohio State University Center for EMS, and the Wright State University Division of Tactical Emergency Medicine. This course provides the finest didactic and practical application in the art and skill of providing Emergency Medical Care and Rescue in the Tactical environment.

This course has been approved for 44 CEUs by the State of Ohio, which are acceptable to the National Registry of EMTs for continuing education.
