A Safe Ride!

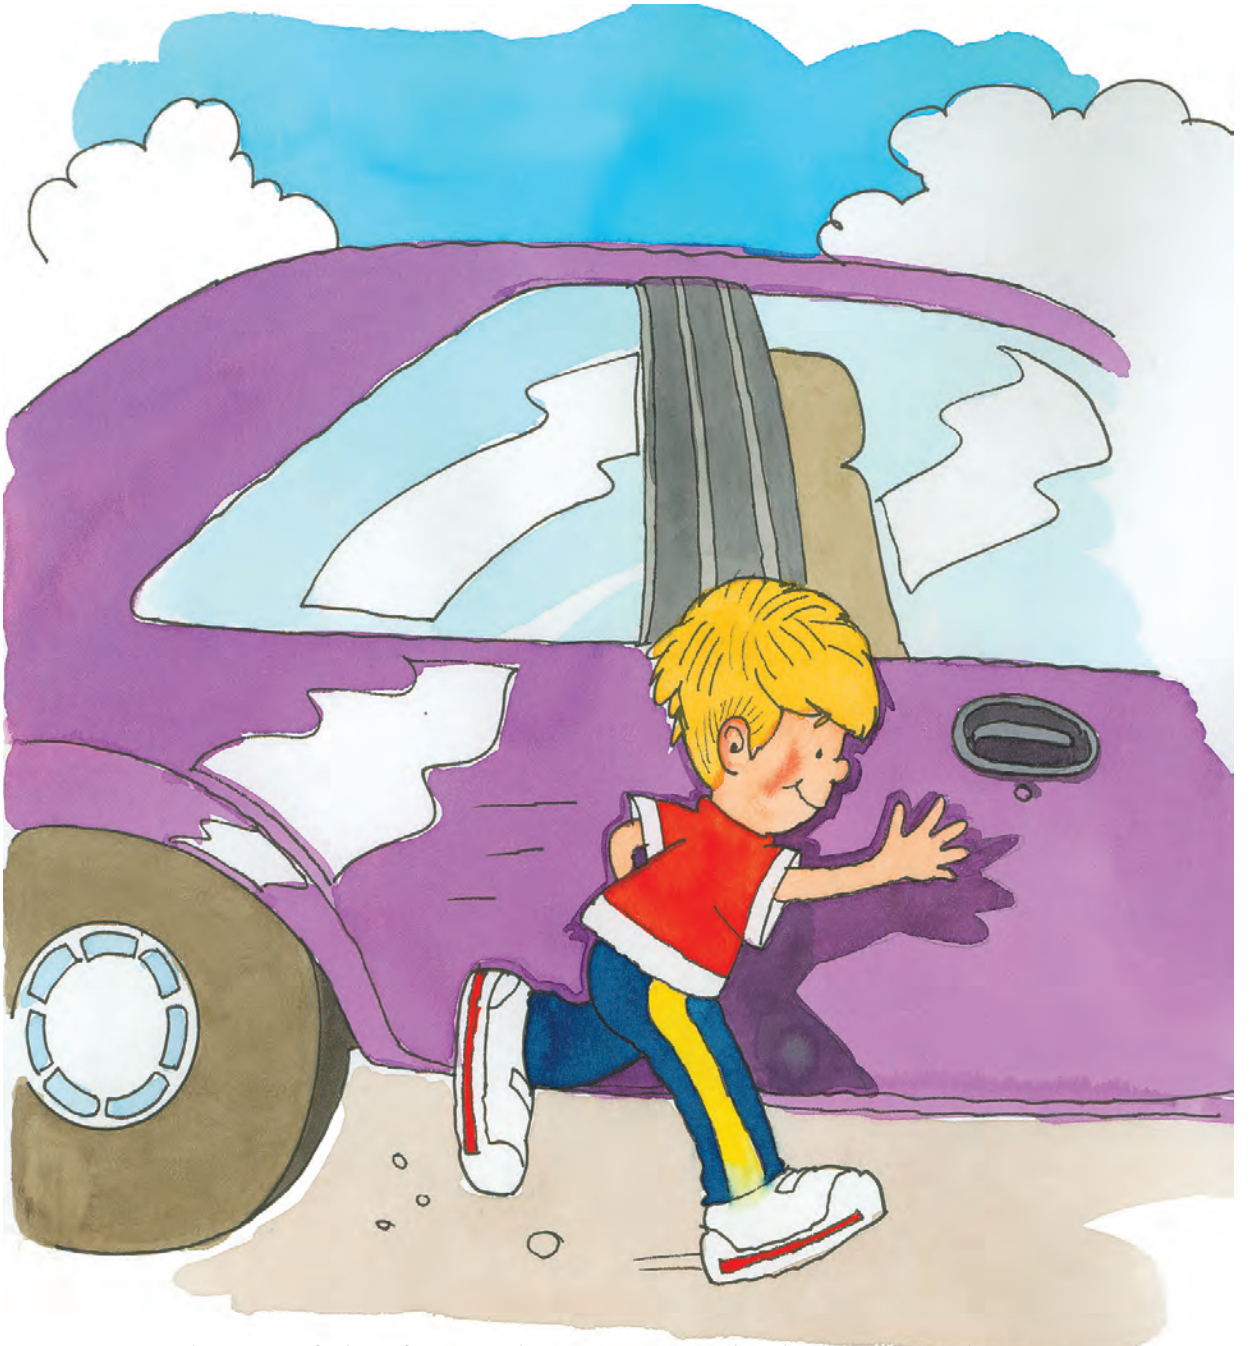
Hurray! Today is the day we go to the zoo! I rush to finish all the things I must do.

I wash my face, I brush my teeth, I put on my clothes, and place shoes on my feet.

I eat my breakfast.
I put on my coat.
"Come on Mom and Dad. Are we ready? Let's go!"



I rush outside, into the car, and close the door. Is there something else I must do? One thing more?

"Safety belt, Son," my dad bellows. "Oh yes. That's it! We must buckle up, every time for every trip."

Zip and zap, it's just a snap. I click the safety belt across my lap. It will keep me safe if our car is ever hit.

It's the best protection while in a car. A perfect fit.

It feels real snug and keeps me in place. You should always wear it... just in case.

Oh look! The zoo, we've made it, we're here! My mom says, "Thanks to our safety belts, in one piece my dear."

So, the next time you're traveling by car, you'll know what to do.

Buckle up every time for every trip. Remember, safety is up to you!
