

How to Upload Data to the Emergency Medical Services Incident Reporting System 2.2 (EMSIRS – 2)

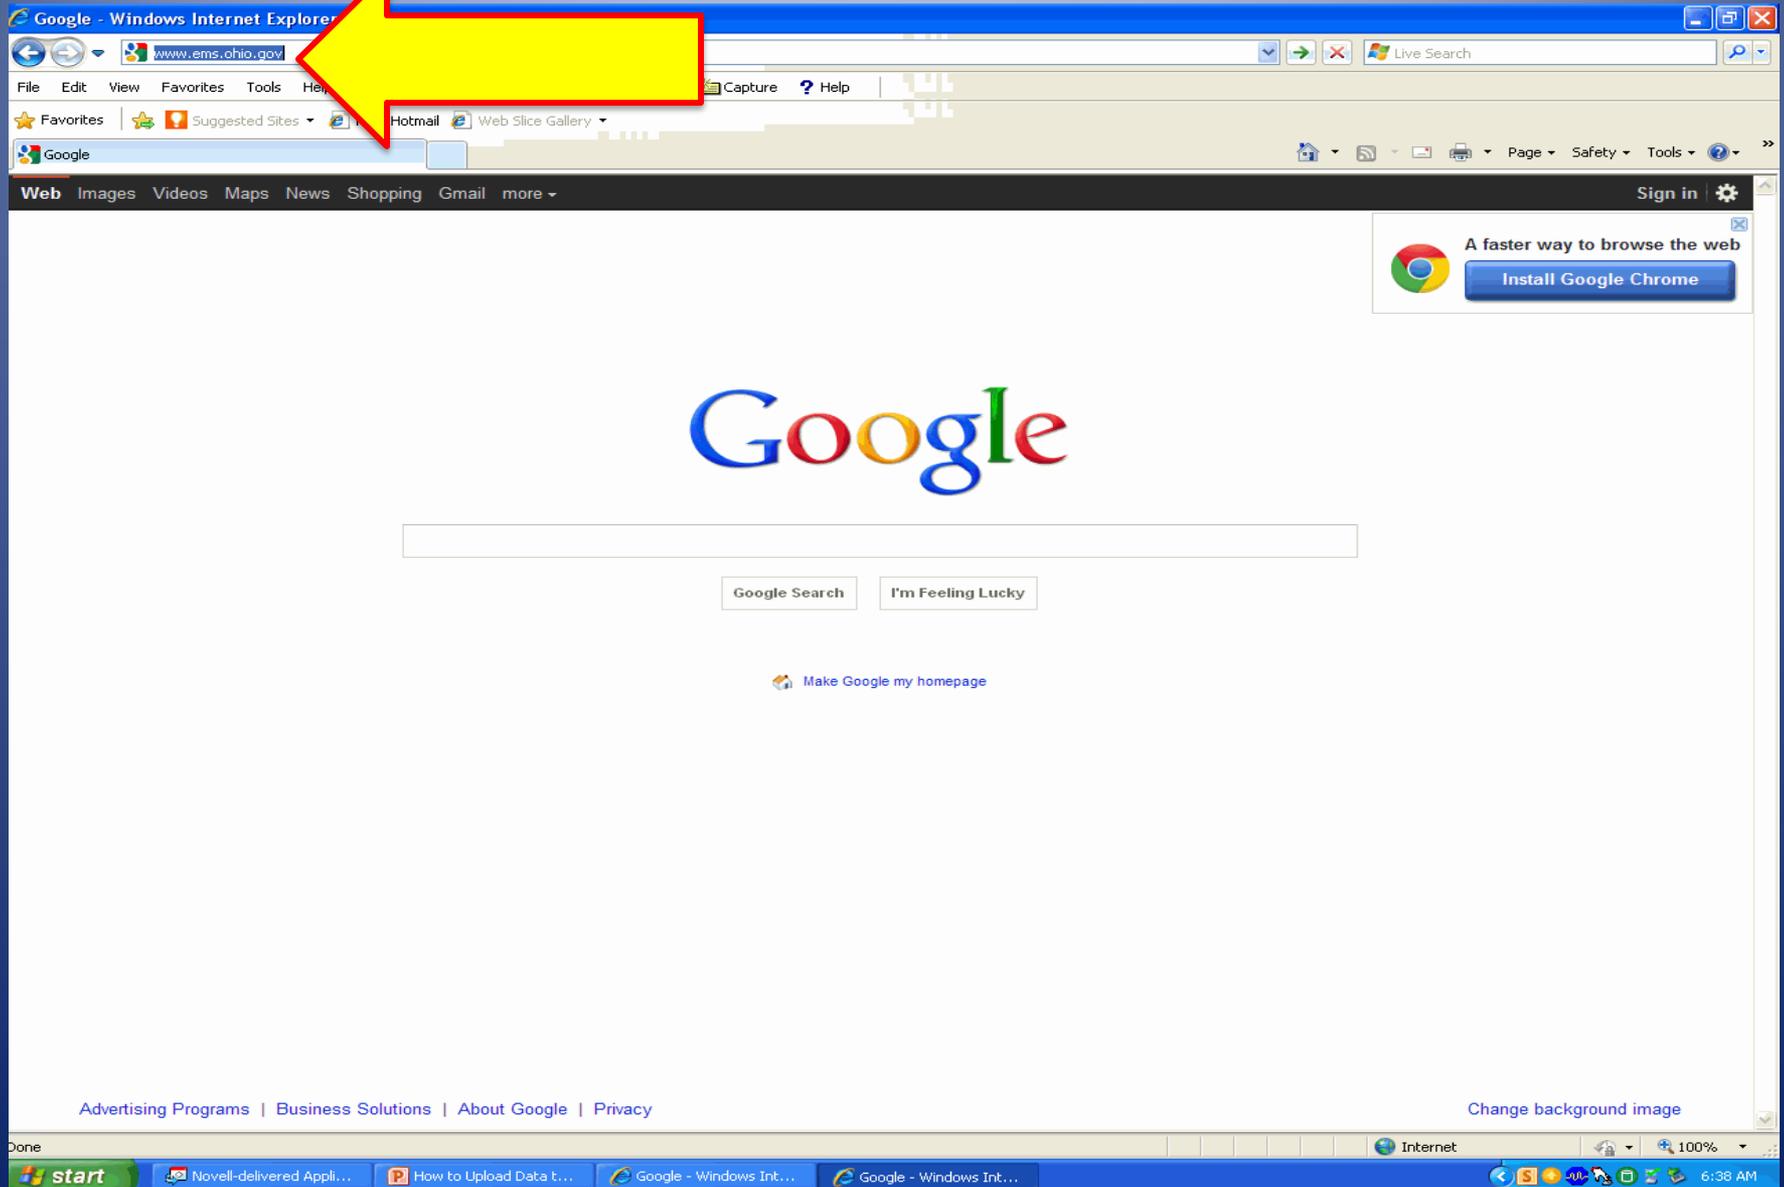

Introduction

- The following presentation will demonstrate the proper method of submitting data to EMSIRS-2.
 - **NOTE**: If you are still reporting to EMSIRS-1, please contact your software vendor to purchase the EMSIRS-2 software.

1. Start your internet browser

2. Go to www.ems.ohio.gov

3. Add www.ems.ohio.gov as a permanent exemption on your pop-up blocker

The screenshot shows the Internet Explorer browser window with the 'Tools' menu open. The 'Pop-up Blocker' option is selected, and a yellow arrow points to the 'Turn Off Pop-up Blocker' sub-option. The browser address bar shows 'http://www.ems.ohio.gov/'. The main content area displays the website for the Ohio Department of Public Safety (ODPS) Emergency Medical Services, featuring a search bar, navigation links, and various news and service sections.

About Us

The Division of Emergency Medical Services is responsible for the education, certification and investigation of all emergency medical service and fire service providers in the state of Ohio. The division serves as the administrative arm of the State Board of EMS which is made up of medical, nursing, hospital administration and EMS and Fire service professionals from around the state. As such, it is our responsibility and our duty to recognize, research, and recommend resolutions to all problems and situations that could prevent the individuals we certify from providing the best possible pre-hospital and fire prevention service to the citizens and visitors of our state.

3. Add www.ems.ohio.gov as a permanent exemption on your pop-up blocker

The screenshot shows the 'Pop-up Blocker Settings' dialog box in Internet Explorer. The 'Exceptions' section is active, showing a list of allowed sites with the address 'http://www.ems.ohio.gov/' entered in the 'Address of website to allow:' field. A yellow arrow points to the 'Add' button. The 'Notifications and blocking level:' section shows 'Play a sound when a pop-up is blocked.' and 'Show Information Bar when a pop-up is blocked.' checked, and the 'Blocking level:' set to 'Medium: Block most automatic pop-ups'. The background shows the website 'ODPS | Emergency Medical Services' with a navigation menu and a search bar.

Pop-up Blocker Settings

Exceptions

Pop-ups are currently blocked. You can allow pop-ups from specific websites by adding the site to the list below.

Address of website to allow:

Allowed sites:
*.state.oh.us

Notifications and blocking level:

Play a sound when a pop-up is blocked.
 Show Information Bar when a pop-up is blocked.

Blocking level:
Medium: Block most automatic pop-ups

4. Click on: EMS Incident Reporting System (EMSIRS)

The screenshot shows the website for ODPS Emergency Medical Services. The browser window title is "ODPS | Emergency Medical Services - Windows Internet Explorer" and the address bar shows "http://www.ems.ohio.gov/". The page content includes a header with "Welcome to the ODPS Emergency Medical Services" and a "Follow EMS on Twitter" link. Below this is an "EMS NEWS" section with several news items dated from 08.17.2011 to 09.14.2011. To the right is a profile for Jeffrey Leaming, Executive Director. The main content area is divided into three columns. The left column has a "Remember September 11" graphic and an "Information and Services" list. The middle column has an "Online Services" list where a yellow arrow points to the "EMS Incident Reporting System (EMSIRS)" link. The right column has an "About Us" section and a "How do I..." section.

8a. Either type in the name and location of the file you wish to upload or 8b. click the 'Browse' button to open a standard Windows browse box to find the file.

The screenshot shows a web browser window titled "ODPS - EMS Incidence Report System (99-E200 as Agency) - Windows Internet Explorer". The address bar shows the URL "https://www.dps.state.oh.us/emsl/AS_Main.aspx?Page=AS_FileUpload.aspx&MenuName=ADMIN&tdName=tdFU". The page title is "Ohio Emergency Medical Services EMSIRS-2 Web Site". The page content includes a navigation menu with links like "Medications", "Disposition", "Optional", "Record Error", "Help", "Error Codes", "Online Users", "Dash Board", and "Architect's Page". A "Choose File to Upload" dialog box is open, showing a file explorer view of the local disk. The dialog box has a "File name:" field, a "Files of type:" dropdown set to "All Files (*.*)", and "Open" and "Cancel" buttons. Below the dialog box, there is a "File Name:" input field and a "Browse..." button. A yellow arrow labeled "8a." points to the "Browse..." button. Another yellow arrow labeled "8b." points to the "Choose File to Upload" dialog box. At the bottom of the page, there is an "Upload & Process ..." button. The Windows taskbar at the bottom shows the Start button and several open applications, including "Novell-delivered Appli...", "How to Upload Data t...", "Inbox - Elizabeth.Earl...", and "ODPS - EMS Incidenc...". The system tray shows the Internet icon, a volume icon, and the time "7:10 AM".

9. When you've selected your file, click the "Upload & Process" button once. Your file will be transferred and processed immediately.

The screenshot shows a web browser window titled "ODPS - EMS Incidence Report System (99-E200 as Agency) - Windows Internet Explorer". The address bar shows the URL: https://www.dps.state.oh.us/emsri/AS_Main.aspx?Page=AS_FileUpload.aspx&MenuName=ADMIN&tdName=tdFU. The page title is "Ohio Emergency Medical Services EMSIRS-2 Web Site".

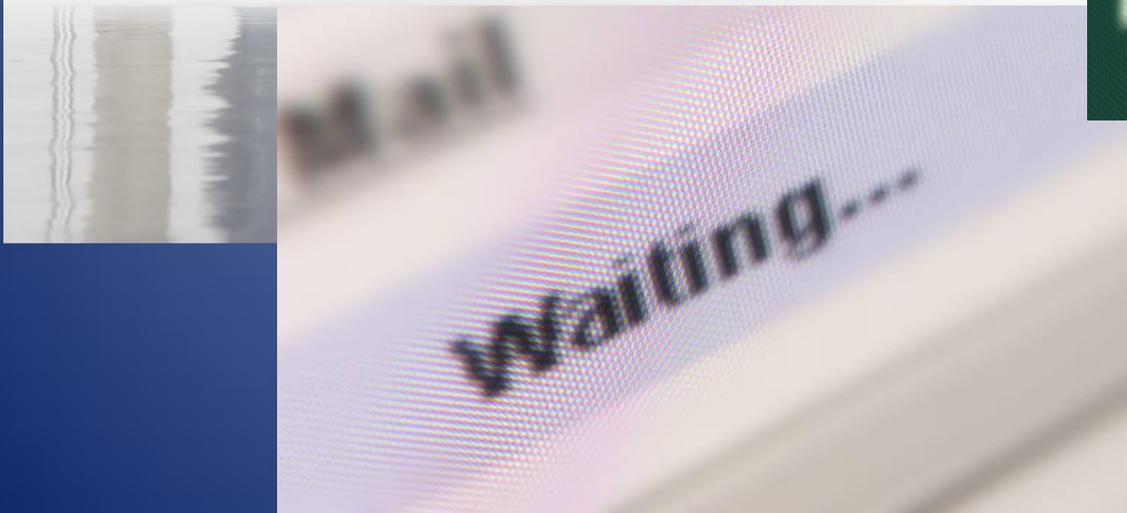

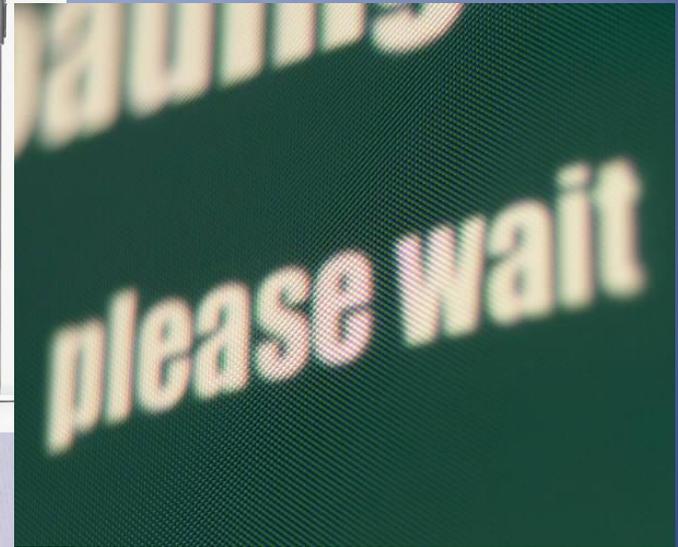

The navigation menu includes the following items: Create/Edit Record, Incident & Patient, Times & Situation, Assessment, Interventions, Medications, Disposition, Optional, Record Error, Help, Data Dictionary, Reports, File Upload, Download Records, Data Files, Error Codes, Online Users, Dash Board, Architect's Page, and Logout.

The main content area displays the following instructions: "Please Type or Browse 'File Name' (of 3 MB Max Size) and click 'Upload & Process ...'". Below this, it lists "Acceptable File Types : Text File XML File".

The "File Name" field contains the text "C:\Documents and Settings\Default\My Documents\space test" and has a "Browse..." button to its right. Below the field is an "Upload & Process ..." button. A large yellow arrow with a red outline points from the "Upload & Process ..." button towards the right side of the screen.

The taskbar at the bottom shows the Start button and several open applications: "Novell-delivered Appli...", "How to Upload Data t...", "How to upload to OT...", "Inbox - Elizabeth.Earl...", and "ODPS - EM5 Incidenc...". The system clock shows "12:06 PM".

10. WAIT until it processes

11. If there are errors in your file, a screen like this will appear. Follow the directions on the screen carefully to download the error file.

NOTE: It is **critical** that you download and read the error file.

The screenshot shows a web browser window titled "ODPS - EMS Incidence Report System (99-E200 as Agency) - Windows Internet Explorer". The address bar shows the URL: "https://www.dps.state.oh.us/emsri/AS_Main.aspx?Page=AS_FileUpload.aspx&MenuName=ADMIN&tdName=tdFU". The page title is "Ohio Emergency Medical Services EMSIRS-2 Web Site". The page features a navigation menu with various options like "Create/Edit Record", "Incident & Patient", "Times & Situation", "Assessment", "Interventions", "Medications", "Disposition", "Optional", "Record Error", "Help", "Data Dictionary", "Reports", "File Upload", "Download Records", "Data Files", "Error Codes", "Online Users", "Dash Board", "Architect's Page", and "Logout".

The main content area displays the following text:

Please Type or Browse 'File Name' (of 3 MB Max Size) and click 'Upload & Process ...'

Acceptable File Types : Text File XML File

File Name : Browse...

(EMSIRS-2 Remoting Component Version : 2.0.4195.22686)
The uploaded file have been processed with ERRORS.

Some ERRORS ocured during the processing of your file.

Please do the following in sequence to 'Download the Error file' :

1. Click on the 'Download Error File' below.
2. When the 'File Download' comes up, select the 'Save this file to disk' and click 'OK'.
3. When the 'Save As' comes up, select the folder where you want to save the file.
4. Write the 'File Name' (if you want to change from default) and Click 'Save'.
5. Click 'Close' (needed only if your Browser doesn't do this itself).
6. Close the newly opened Browser-Window.
7. Saved file is ready to be open in any Text Editor.

[Download File](#)

A large yellow arrow with a red outline points from the left side of the screen towards the "Download File" link.

The Windows taskbar at the bottom shows the Start button, several open applications including "Novell-delivered Appli...", "Inbox - Elizabeth.Earl...", "How to Upload Data t...", and "How to upload to OT...", and the "ODPS - EMS Incidenc..." window. The system tray shows the Internet icon, a clock showing 2:49 PM, and the date.

EMSIRS-2 uses a single level, pass/fail edit criteria.

This means that each individual patient record in a submitted file is examined for errors. If an error is found in a patient record, that individual record will not be accepted.

Any errors will be identified in the downloaded error message.

Those errors will need to be corrected and the corrected patient record must be resubmitted to EMSIRS-2, using the same method.

Congratulations! You are finished!
