

To all National Accreditation Committee Members:

Linda is on vacation this week and has asked me to remind everyone that a special meeting of the National Accreditation Ad-Hoc committee has been called for:

Thursday, May 5, fifth floor, EMS Conference Room, 1pm to 3pm. directly after the Education Committee meeting

Due to the necessity of moving forward very quickly with the draft rules which would be needed for National Accreditation, the EMS staff met to brainstorm and list concepts from National Accreditation that may need rules drafted, for Ohio Accredited Institutions.

This is a first draft of concepts only and we ask the committee members to look this over and be prepared to discuss other issues or concept which could lead to draft rules for national Accreditation.
