Ohio Trauma Registry Inpatient Rehabilitation Facility Patient Inclusion Criteria

Patient's first or initial admission to an inpatient rehabilitation facility who meet one of the following inclusion criteria;

1. Patients whose acute care hospitalization included any of the inclusion criteria; **OR**
2. Patients who have an Impairment Group Code on admission listed in the table on page 4 Inclusion Criteria

ICD-9-CM Diagnosis Codes on discharge from acute care hospital			
ICD-9-CM Diagnosis Codes		ICD-9-CM Diagnoses Descriptions	
800.00 – 819.1		Fractures	
821.00 – 904.9		Fractures, dislocations/sprains, intracranial injury, internal injury of thorax, abdomen and pelvis, open wounds, injury to blood vessels	
911.0, 911.1, 912.0, 912.1		Abrasions/friction burns to trunk, shoulder and upper arm	
916.0, 916.1, 919.0, 919.1		Abrasions / friction burns hip, thigh, leg, ankle, other or multiple sites	
920 – 929.9		Contusions and crush injury	
940.0 – 959.9		Burns, injury to nerves and spinal cord, traumatic complications and unspecified injury	
987.9		Smoke inhalation	
991.0 – 991.6		Frostbite, hypothermia and external effects of cold	
994.0, 994.1, 994.7, 994.8		Asphyxiation, strangulation, drowning, and electrocution	
995.50 – 995.59		Child maltreatment and abuse	
OR			
ICD-9-CM Diagnoses		AND WITH ANY OF THE FOLLOWING External Cause Codes (E-Codes)	E-CODE
348.1	Anoxic Brain Injury		E800 – E848.8
348.4	Uncal herniation		E878 – E905.0
348.5,	Cerebral Edema		E906.0 – E928.8
348.8	Pneumocephalus		E950.0 – E998.9
372.72	Subconjunctival hemorrhage		
518.5	Traumatic ARDS		
784.7	Epistaxis		

Acute Care Hospitalization ICD-9-CM Diagnoses Codes EXCLUDED	
820.00 – 820.9	Isolated hip fracture
905.0 – 909.9	Late effects of injury
910.0 – 910.9, 911.2 – 911.7, 912.2 - 912.9, 913.0 - 913.9, 914.0 - 914.9, 915.0 - 915.9, 916.2 - 916.9, 917.0 - 917.9, 918.0 - 918.9, 919.2 - 919.9	Blisters, insect bites
930 – 939	Foreign bodies
Acute Care Hospitalization External Cause Codes EXCLUDED	
E849.0 – E849.9	Place of occurrence
E850.0 – E869.9	Poisonings
E870.0 – E879.9	Misadventures during surgical and medical care
E905.1 – E905.9	Venomous animals and plants (except snakes)
E929.0 – E929.9	Late effects of Accidental Injury
E930.0 – E949.9	Drugs, medicinal and biological substances causing adverse effects in therapeutic use

Version 1.0 Effective January 1, 2005

Adult Impairment Group Code on Admission to Rehabilitation Facility			
Brain Dysfunction		Orthopedic Disorders	
02.1	Non-traumatic injury *	08.12	Status Post Bilateral Hip Fractures
* must be associated with an acceptable E-code.		08.2	Status Post Femure (shaft) Fracture
		08.3	Status Post Pelvic Fracture
02.21	Traumatic, open injury	08.4	Status Post Major Multiple Fractures
02.22	Traumatic, closed injury		
Spinal Cord Dysfunction, Traumatic			
004.210	Paraplegia, unspecified	Amputation of Limb (trauma related)	
04.211	Paraplegia, incomplete	05.1	Unilateral Upper Limb above the elbow (AE)
04.212	Paraplegia, complete	05.2	Unilateral Upper Limb below the elbow (BE)
04.220	Quadriplegia, Unspecified	05.3	Unilateral Lower Limb above the knee (AK)
04.2211	Quadriplegia, Incomplete C1-4	05.4	Unilateral Lower Limb below the knee (BK)
04.2212	Quadriplegia, Incomplete C5-8	05.5	Bilateral Lower Limb above the knee (AK/AK)
04.2221	Quadriplegia, Complete C1-4	05.6	Bilateral Lower Limb above/below the knee (AK/AK)
04.2222	Quadriplegia, Complete C5-8	05.7	Bilateral Lower Limb below the knee (BK/BK)
04.230	Other Traumatic Spinal Cord Dysfunction	05.9	Other amputation
Major Multiple Trauma		Burns	
14.1	Brain + Spinal Cord Injury	11	Burns
14.2	Brain + Multiple Fracture/Amputation		
14.3	Spinal Cord + Multiple Fracture/amputation		
14.9	Other multiple trauma		

Pediatric Impairment Group Code on Admission to Rehabilitation Facility			
Traumatic Brain Dysfunction		Burns	
2.21	Traumatic, open injury	7.1	Burns
2.22	Traumatic, closed injury		
2.9	Unspecified traumatic brain injury	Orthopedic Disorders	
2.11	Anoxic/Hypoxemic Encephalopathy	Orthopedic Conditions	
Traumatic Spinal Cord Dysfunction		5.11	Status Post Unilateral Hip Fracture
4.21	Incomplete Traumatic Paraplegia	5.12	Status Post Femure (shaft) Fracture
4.22	Complete Traumatic Paraplegia	5.13	Status Post Pelvic Fracture
4.23	Unspecified Traumatic Paraplegia	5.14	Status Post Major Multiple Fractures
4.24	Incomplete Traumatic Tetraplegia Quadriplegia, C1-4	Amputation of Limb (trauma related)	
4.25	Incomplete Traumatic Tetraplegia Quadriplegia, C5-8	5.21	Unilateral Upper Extremity above the elbow
4.26	Complete Traumatic Tetraplegia Quadriplegia, C1-4	5.22	Unilateral Upper Extremity below the elbow
4.27	Complete Traumatic Tetraplegia Quadriplegia, C5-8	5.23	Unilateral Lower Extremity above the knee
4.29	Unspecified Traumatic Tetraplegia Quadriplegia	5.24	Unilateral Lower Extremity below the elbow
		5.25	Bilateral Lower Extremity above the knee
Major Multiple Trauma		5.26	Bilateral Lower Ext. above/below the knee
6.1	Brain + Spinal Cord Injury	5.27	Bilateral Lower Extremity below the knee
6.2	Brain + Multiple Fracture/Amputation	5.29	Other amputation
6.3	Spinal Cord + Multiple Fracture/amputation		
6.9	Other multiple trauma		

Version 1.0 Effective January 1, 2005
Ohio Trauma Rehabilitation Registry Field Definitions

Unless specifically indicated, these definitions apply to all fields in the database:

ND = Not Documented

If the information is probably known but is not documented, or the information is not documented but should have been and would have been knowable.

Example: "sex"

NA = Not Applicable

If the information requested is not applicable, or the information does not make sense for this field

Example: seat belt use for motorcycle crash

0 = Zero

Use only for numeric fields when that is what the correct number is.

Example: in *Length of Stay* fields if the patient did not have a LOS in that area

NT = Not Tested

Use for fields in which the desired data is a laboratory test result when the test was not ordered.

Example: for alcohol level, when that test was never ordered

UNK = Unknown

If the information is unknowable and cannot ever be obtained. That is, there is no way to know the answer, or the information is specifically documented as "unknown" in the medical record.

Example: The time of injury if the patient is found unconscious the next morning

Field # 1: Rehabilitation Facility Code

Values: The facility code assigned by the Ohio Department of Public Safety.

- 1. Length 4
- 2. Start Position 1
- 3. End Position 4
- 4. Allow blank or not NO
- 5. Data Type (Numeric, Character). NUMERIC

See Appendix 1 – ODPS Rehabilitation Facility Codes.

Field Instructions:

Must be present on all records submitted to the Ohio Department of Safety.

A four-digit code assigned by the Ohio Department of Public Safety. This code needs to be entered initially. After initial entry it will automatically be entered for each record.

[Click Here](#) to return to the Table of Contents

Field #2: Unique Patient Encounter/Admission Number

Values: A number assigned by each facility to the patient at the time of admission. This number should be unique for each patient AND each visit. This number may be referred to as a patient account number. Medical record numbers are typically specific to each patient BUT are frequently the same for all rehabilitation facility visits by the same patient.

- 1. Length 15
- 2. Start Position 5
- 3. End Position 19
- 4. Allow blank or not NO
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

Enter the rehabilitation facility's unique patient number for this patient.
This record is for audit purposes only and will not be made public.

[Click Here](#) to return to the Table of Contents

Version 1.0 Effective January 1, 2005

Field #3: Date Exported

Value: Date (mmddyyyy) that this record was submitted to the Ohio Trauma Registry.

- 1. Length 8
- 2. Start Position 20
- 3. End Position 27
- 4. Allow blank or not NO
- 5. Data Type (Numeric, Character). DATE

Field Instructions:

This is a generated field and will be completed when the record is exported to Ohio Trauma Registry.

[Click Here](#) to return to the Table of Contents

Version 1.0 Effective January 1, 2005

Field # 4: Zip Code of Residence

Values: The patient's five-digit zip code for place of residence, at the time of their injury.
Enter "99999" for patients that reside outside of the USA.

- 1. Length 5
- 2. Start Position 28
- 3. End Position 32
- 4. Allow blank or not NO
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

Enter in the patients' zip code number of their residence at the time of their injury. If patient is homeless, enter the zip code of the location of injury.
Enter "99999" for patients that reside outside of the USA. Do not enter the 4-digit extension.

[Click Here](#) to return to the Table of Contents

Field #5: Patient's Date of Birth

Values: mmdyyy
99999999 – Not documented

- 1. Length 8
- 2. Start Position 33
- 3. End Position 40
- 4. Allow blank or not NO
- 5. Data Type (Numeric, Character). DATE

Field Instructions:

The patient's date of birth. Enter the month, day and year of the patient's Date of Birth. If the patients' age is known, but the date of birth is not, enter 01/01/YYYY (YYYY appropriate to patients known age)

Entire year must be used

Example: 1998

Enter in the patient's date of birth. Must use this format "01/01/1998".

It is necessary to enter the year using the entire year.

[Click Here](#) to return to the Table of Contents

Field #6: Gender

Values: 1- Male
2- Female
3- ND (Not Documented)

- 1. Length 1
- 2. Start Position 41
- 3. End Position 41
- 4. Allow blank or not NO
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

The patient's gender at the injury date. Enter the patient's gender using the options available from code table above. Use the pulldown menu to select this field. Select the most appropriate option.

[Click Here](#) to return to the Table of Contents

Field #7: Race/Ethnicity

- Values:
- 1- American Indian or Alaskan Native
 - 2- Asian
 - 3- Black, not of Hispanic origin
 - 4- Hispanic or Latino
 - 5- Native Hawaiian or Other Pacific Islander
 - 6- White
 - 7 – Other
 - 8 – Multi-racial
 - 9- ND (Not Documented)

- 1. Length 1
- 2. Start Position 42
- 3. End Position 42
- 4. Allow blank or not NO
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

The patient's race/ethnic group. Enter the patient's race from the available options. Use the pulldown menu to select this field. Select the most appropriate option. If more than one race value #1 to #6 is selected then value number 8 – *Multiracial* must be selected. Note that pediatric facilities are limited to selection of only one value. Adult facilities can select multiple values, which will reported as 8 – multi-racial.

- Values: 1- White
- 2- Black
 - 3- Hispanic
 - 4- Native American
 - 5- Asian
 - 6- Other
 - 7- Multi-racial

[Click Here](#) to return to the Table of Contents

Field #8: Date of Onset (Date Injury Occurred)

Values: mmdyyy
88888888 – ND (Not Documented)
99999999 – Unknown, if specifically documented as “Unknown” in the medical record.

- 1. Length 8
- 2. Start Position 43
- 3. End Position 50
- 4. Allow blank or not NO
- 5. Data Type (Numeric, Character). DATE

Field Instructions:

The date the injury occurred. Enter the month, day and year of the injury. The year must be 4-digits. Example: 1998. The date on which injury occurred must be the earliest date associated with the trauma event. All treatment dates must be equal to or after the date on which the injury occurred. Enter the patient’s actual date of injury

[Click Here](#) to return to the Table of Contents

Field #9: Rehabilitation Admission From

- Values:
- 1 – Home
 - 2 – Board and Care
 - 3 – Transitional Living
 - 4 – Intermediate care
 - 5 – Skilled Nursing Facility
 - 6 – Acute Unit of own facility
 - 7 – Acute Unit another facility
 - 8 - Chronic Hospital (LTAC)
 - 9 – Rehabilitation facility
 - 10 – Other
 - 12 – Alternate Level of care
 - 13 – Subacute setting
 - 14 – Assisted Living Residence

- 1. Length 2
- 2. Start Position 51
- 3. End Position 52
- 4. Allow blank or not NO
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

If # 4, 5, 7, or 9 is selected, field # 10 Transferring Facility ID must be completed. **Value number 11 is purposefully not utilized for this field.**

Definitions

Home: A private, community based dwelling (a house, apartment, mobile home, etc) that houses the patient, family, or friends.

Board and Care: A community based setting where individuals have private space (either a room or apartment), or a structured retirement facility. The facility may provide transportation, laundry, and meals, but no nursing care.

Transitional Living: A community based, supervised setting where individuals are taught skills so they can live independently in the community.

Intermediate care (nursing home): A long term care setting that provides health related services but a registered nurse is not present 24 hours a day. Patients live by institutional rules; care is ordered by a physician, and a medical record is maintained. Patients in intermediate care are generally less disabled than those in skilled care facilities

Skilled Nursing Facility (nursing home): A long term care setting that provides skilled nursing services. A registered nurse is present 24 hours a day. Patients live by institutional rules; care is ordered by a physician, and a medical record is maintained.

Acute Unit of own Facility: An acute medical/surgical care unit in the same facility as the rehabilitation unit.

Acute Unit another Facility: An acute medical/surgical care facility separate from the rehabilitation unit.

Chronic Hospital (LTAC): A long-term care setting classified as a hospital, long term acute care.

Rehabilitation facility: An inpatient setting that admits patients with specific disabilities and provides a team approach to comprehensive rehabilitation services, with a physiatrist (or physician of equivalent training/experience) as the physician of record.

Version 1.0 Effective January 1, 2005

Other: Used only if no other code is appropriate

Alternate Level of care: Physically and fiscally distinct units that provides care to individuals who no longer meet acute care criteria

Subacute setting: Subacute care is goal-oriented, comprehensive, inpatient care designed for an individual who has an acute illness, injury or exacerbation of a disease process. It is rendered immediately after, or instead of, acute hospitalization to treat one or more specific active, complex medical conditions an overall situation. Generally the condition of an individual receiving subacute care is such that the care does not depend heavily on high technology monitoring or complex diagnostic procedures. Subacute care requires the coordinated services of an interdisciplinary team, including physicians, nurses, and other relevant professional disciplines whoa re knowledgeable and trained to assess and manage specific conditions and perform the necessary procedures. Subacute care is given as part of a specially designed program, regardless of the site. Subacute care is generally more intensive than traditional nursing home care, but less than acute inpatient care. It requires frequent (daily to weekly) patient assessment and review of the clinical course and treatment plan for a limited time period (several days to several months), until a condition is stabilized or a predetermined course is completed.

Assisted Living Residence: A community based setting that combines housing, private quarters, freedom of entry and exit, supportive services, personalized assistance, and healthcare designed to respond to individual needs of those who need help with activities of daily living and instrumental activities of daily living. Supportive services are available 24 hours a day to meet scheduled and unscheduled needs in a way that promotes maximum dignity and independence for each resident. These services involve the resident's family, neighbors, and friends.

Field #10: Pediatric Prehospital Setting

- Values:
- 01 – Home
 - 02 – Acute Care unit of own facility
 - 03 – Acute care unit of another facility
 - 04 – Rehabilitation facility
 - 05 – Residential facility
 - 06 – Transitional living center
 - 07 - Skilled nursing facility
 - 08 – Shelter
 - 09 – Other
 - 10 - Died

- 1. Length 2
- 2. Start Position 53
- 3. End Position 54
- 4. Allow blank or not YES
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

Select the value that most accurately describes the patients living arrangements prior to their hospitalization. Note the value 04 is not used in this field.

Values:

[Click Here](#) to return to the Table of Contents

Field #11: Pediatric Living With

Values: 01 – Two parents
02 – One parent
03 - Relatives
04 – Foster care
05 - Other
07 – ND

- 1. Length 2
- 2. Start Position 55
- 3. End Position 56
- 4. Allow blank or not YES
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

Select a value in this field ONLY if the value selected in field # 10 *Pediatric Prehospital Setting* is equal to "01-Home"

[Click Here](#) to return to the Table of Contents

Field #12: Pediatric Education Category

Values: 01 – Not a student
02 – Early Intervention program
03 – Preschool
04 – Kindergarten through 12th
05 – Other

- 1. Length 2
- 2. Start Position 57
- 3. End Position 58
- 4. Allow blank or not YES
- 5. Data Type (Numeric, Character) NUMERIC

Field Instructions: Select the value that best describes the patients educational category

[Click Here](#) to return to the Table of Contents

Field #13: Pediatric Educational Setting

Values: 01 – Regular Class
02 – Regular class with accommodation
03 – Special Class
04 – Home-based or Home Schooled
05 – Day Care/nursery school/center-based/community

- 1. Length 2
- 2. Start Position 59
- 3. End Position 60
- 4. Allow blank or not YES
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions: If value 2, 3 or 4 is selected for the Pediatric Education Category, then an appropriate value for this field must be reported. If 01 or 05 is selected for Pediatric Education Category, then 06- NA must be selected.

[Click Here](#) to return to the Table of Contents

Field #14: Adult Prehospital Living With

Values: 01 – Alone
 02 – Family/Relatives
 03 - Friends
 04 – Attendant
 05 - Other
 06 - ND

- 1. Length 2
- 2. Start Position 61
- 3. End Position 62
- 4. Allow blank or not YES
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

Select the value that most accurately describes the patients living arrangements prior to their hospitalization

[Click Here](#) to return to the Table of Contents

Field #15: Adult Prehospital Vocational Category

Values: 01 – Employed
02 – Sheltered
03 - Student
04 – Homemaker
05 – Not Working
06 – Retired for Age
07 – Retired for Disability
08 - ND

- 1. Length 2
- 2. Start Position 63
- 3. End Position 64
- 4. Allow blank or not YES
- 5. Data Type (Numeric, Character) NUMERIC.

Field Instructions:

Select the value that most accurately describes the patients' vocation prior to their hospitalization

DEFINITIONS

Employed – The patient works for pay in a competitive environment or is self employed

Sheltered – The patient works for pay in a non-competitive environment

Student – the patient is enrolled in an accredited school (including trade school), college or university.

Homemaker – The patient works at home, does not work outside the home, is not paid by an employer, and is not self employed

Not Working – The patient is unemployed, but is not retired or receiving disability benefits

Retired for Age – The patient is retired (usually 60 years of age or older) and is receiving retirement benefits

Retired for Disability – The patient is receiving disability benefits and is less than 60 years of age.

[Click Here](#) to return to the Table of Contents

Field #16: Adult Prehospital Vocational Effort

Values: 01 – Full-time
02 – Part-time
03 – Adjusted Work load
04 – NA
05 - ND

- 1. Length 2
- 2. Start Position 65
- 3. End Position 66
- 4. Allow blank or not YES
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions: Select the value that most accurately describes the patients' vocation prior to their hospitalization, if values 1 – 4 are selected in field # __ Prehospital Vocation Category, then 01-03 are valid selections for this field. If 05-07 are selected in field # __, then 04 must be selected

DEFINITIONS

Full-time – The patient worked a full schedule (i.e. 37.5 or 40 hours per week) – which ever is normal where he/she works

Part-time - The patient worked less than full time (i.e. less than 37.5 or 40 hours per week) depending on the norm where he/she works.

Adjusted Workload – The patients' workload was adjusted due to disability. The patient was not able to perform all the work duties of the position

[Click Here](#) to return to the Table of Contents

Field #17: Transferring Facility ID

Values: ODH or ODPS assigned number.

- 1. Length 4
- 2. Start Position 67
- 3. End Position 70
- 4. Allow blank or not NO
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

If the patient is transferred from an Ohio hospital, enter the ODH assigned Ohio hospital code. See Appendix 2 for the list of ODH assigned Ohio hospital codes

If the patient is transferred from an out of state hospital, enter the ODPS assigned out of state hospital code. See Appendix 3 for the list of ODPS assigned out of state hospital codes.

If the patient is transferred from an Ohio Rehabilitation Facility, enter the ODPS assigned Ohio Rehabilitation Facility code. See Appendix 1 for the list of ODPS assigned Ohio Rehabilitation Facility codes

If the patient is transferred from an Ohio Nursing Facility, enter the ODH assigned Ohio Nursing Facility code. See Appendix 4 for the list of ODH assigned Ohio Nursing Facility codes

[Click Here](#) to return to the Table of Contents

Field #18: Rehabilitation Facility Arrival Date

Values: mmdyyy

- 1. Length 8
- 2. Start Position 71
- 3. End Position 78
- 4. Allow blank or not NO
- 5. Data Type (Numeric, Character) DATE

Field Instructions:

The arrival date that the patient actually arrived at the rehabilitation facility.
Enter the month, day and year.

The actual date that the patient arrived at the rehabilitation facility.
Date format: 01/29/1998. The year must be complete year (1998).

[Click Here](#) to return to the Table of Contents

Field #19: Etiologic Diagnosis (ICD-9-CM Code)

Values: Report the ICD-9-CM diagnosis codes

- 1. Length 5
- 2. Start Position 79
- 3. End Position 83
- 4. Allow blank or not YES
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

Use an ICD-9-CM code to indicate the etiologic problem that led to the condition for which the patient is receiving rehabilitation. These should be diagnosis codes, not external cause of injury codes. When creating a data file the decimal point MUST be used. Example: 801.11 = 801.11 or 810 = 810.0. Give the complete code not category codes.

[Click Here](#) to return to the Table of Contents

Field #20: Co-Morbid Conditions (ICD-9-CM Codes)

Values: Report 10 additional ICD-9-CM codes of diagnoses

1. Length 50
2. Start Position 84
3. End Position 133
4. Allow blank or not YES
5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

The ICD-9-CM code for each injury diagnosis. List up to 10 codes. When creating a data file the decimal point MUST be used. Example: 801.11 = 801.11 or 810 = 810.0

[Click Here](#) to return to the Table of Contents

Version 1.0 Effective January 1, 2005

Field #21: Complications during Rehabilitation Stay (ICD-9-CM Codes)

Values: Report up to 6 ICD-9-CM codes

1. Length 30
2. Start Position 134
3. End Position 163
4. Allow blank or not YES
5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

Enter an ICD-9-CM code for each complication that began with this rehabilitation stay. List up to 6 codes. When creating a data file the decimal point **MUST** be used. Example: 801.11 = 801.11 or 810 = 810.0

[Click Here](#) to return to the Table of Contents

Field # 22: Disability Assessment Tool Adult/Pediatric

(FIM™/WeeFIM® instrument)

Values: 1- Adult
2- Pediatric

- 1. Length 1
- 2. Start Position 164
- 3. End Position 164
- 4. Allow blank or not NO
- 5. Data Type (Numeric, Character) NUMERIC.

Field Instructions:

Facilities using an adult assessment-scoring model (i.e. FIM™ instrument) should select *1 - Adult*. Facilities that use a pediatric scoring model, (i.e. WeeFIM® instrument) regardless of the patient's age should select *2 - Pediatric*.

Field #23: Disability Assessment Score upon Admission

(FIM™/WeeFIM® instrument)

Values: 0- Activity Does Not Occur (applies only to the FIM™ instrument)
1- Total Assistance
2- Maximum Assistance
3- Moderate Assistance
4- Minimal Assistance
5- Supervision / Set-up
6- Modified Independence
7- Complete independence

25 Self-Care: Eating
26 Self-Care: Grooming
27 Self-Care: Bathing
28 Self-Care: Dressing-Upper Body
29 Self Care: Dressing-Lower Body
30 Self-Care: Toileting
31 Sphincter Control: Bladder Management
32 Sphincter Control: Bowel Management
33 Transfers: Bed, Chair, Wheelchair
34 Transfers: Toilet
35 Transfers: Tub, Shower
36 Locomotion: Walk. Wheelchair, crawl
37 Locomotion: Stairs
38 Communication: Comprehension
39 Communication: Expression
40 Social Cognition: Social Interaction
41 Social Cognition: Problem Solving
42 Social Cognition: Memory
Motor Subscore
Cognitive subscore
Total Motor and Cognitive score

1. Length 18
2. Start Position 165
3. End Position 182
4. Allow blank or not NO
5. Data Type (Numeric, Character) NUMERIC.

Field Instructions:

Motor Subscore is a calculated field, the sum of fields #25 through #37

Cognitive Subscore is a calculated field; the sum of fields #38 through #42

Total Motor and Cognitive score is a calculated field, the sum of Motor subscore and Cognitive subscore

Disability Assessment upon admission should be determined during the first three calendar days of the patients admission

Field # 25: Date of Discharge or Death

Values: mmdyyy

- 1. Length 8
- 2. Start Position 201
- 3. End Position 208
- 4. Allow blank or not NO
- 5. Data Type (Numeric, Character). DATE

Field Instructions:

Enter the date of the patient's discharge, transfer or death from the rehabilitation facility. The actual date that the patient was discharged from the rehabilitation facility or date that the patient was pronounced dead.

Date format: 01/29/1998. The year must be complete year (1998).

Field # 26: Discharge Status

Values: 1- Alive
2- Dead

- 1. Length 1
- 2. Start Position 209
- 3. End Position 209
- 4. Allow blank or not NO
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

Enter the status of the patient upon discharge from the rehabilitation facility. The patient was alive or dead when they left the rehabilitation facility.

[Click Here](#) to return to the Table of Contents

Field #27: Adult Discharge Disposition

Values:

- 1 – Home
- 2 – Board and Care
- 3 – Transitional Living
- 4 – Intermediate care
- 5 – Skilled Nursing Facility
- 6 – Acute Unit of own facility
- 7 – Acute Unit another facility
- 8 - Chronic Hospital (LTAC)
- 9 – Rehabilitation facility
- 10 – Other
- 11 - Died
- 12 – Alternate Level of care
- 13 – Subacute setting
- 14 – Assisted Living Residence

- 1. Length 2
- 2. Start Position 210
- 3. End Position 211
- 4. Allow blank or not YES
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

The patient’s disposition upon discharge from the rehabilitation facility. If #01 is selected you must make an entry in Field # *XX Discharge Living With*. If #04, 05, 07, or 09 is selected you must enter an ODPS or ODH Assigned facility code in field # *XX-Transfer to Other Rehabilitation Facility*.

[Click Here](#) to return to the Table of Contents

Field # 28: Adult Discharge Living With

Values: 01 – Alone
02 – Family/Relatives
03 - Friends
04 – Attendant
05 - Other
06 - NA

- 1. Length 2
- 2. Start Position 212
- 3. End Position 213
- 4. Allow blank or not YES
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

If values 1, 2, 3 or 14 are selected in field #27 – *Adult Discharge Disposition*, then values 01 through 05 are valid for this field, otherwise 06- NA must be selected.

[Click Here](#) to return to the Table of Contents

Field # 29: Pediatric Discharge Disposition

- Values:
- 01 – Home
 - 02 – Acute Care unit of own facility
 - 03 – Acute care unit of another facility
 - 04 – Rehabilitation facility
 - 05 – Residential facility
 - 06 – Transitional living center
 - 07 - Skilled nursing facility
 - 08 – Shelter
 - 09 – Other
 - 10 - Died

- 1. Length 2
- 2. Start Position 214
- 3. End Position 215
- 4. Allow blank or not YES
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

Select the value that most accurately describes the patients living arrangements prior to their hospitalization. Note that the value "04" is not used in this field.

[Click Here](#) to return to the Table of Contents

Field # 30 Pediatric Discharge Living With

Values: 01 – Two parents
 02 – One parent
 03 - Relatives
 04 – Foster care
 05 - Other
 07 – ND

- 1. Length 2
- 2. Start Position 216
- 3. End Position 217
- 4. Allow blank or not YES
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

Select a value in this field ONLY if the value selected in field # 29 *Pediatric Prehospital Setting* is equal to "01-Home"

[Click Here](#) to return to the Table of Contents

Field # 31: Discharge Referrals

Values: 01 - None
02 – Outpatient
03 – Home-based paid professional therapy
04 – Both 2 and 3
05 – Inpatient hospital
06 - Day treatment
07 – School-based
08 – Other (examples – homeless or women’s shelters, protective services, etc.)

1. Length 10
2. Start Position 218
3. End Position 227
4. Allow blank or not NO
5. Data Type (Numeric, Character). NUMERIC

Field Instructions:
More than one value may be selected.

[Click Here](#) to return to the Table of Contents

Field # 32: Transfer to Other Hospital/Facility

Value: ODH assigned # for in-state hospitals
ODPS assigned # for out of state hospitals
ODPS assigned # for rehabilitation facilities
ODH assigned # for licensed nursing home

- 1. Length 4
- 2. Start Position 228
- 3. End Position 231
- 4. Allow blank or not YES/NO
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

Enter the location of the patient disposition from the hospital. If the patient is transferred to another Ohio hospital, enter the ODH assigned Ohio hospital code. See Appendix 1-A for the list of ODH assigned Ohio hospital codes. If the patient is transferred to an out of state hospital, enter the ODPS assigned out of state hospital code. See Appendix 1-B for the list of ODPS assigned out of state hospital codes. If the patient is transferred to a rehabilitation facility, enter the ODPS assigned rehabilitation facility code. See Appendix 1-C for the list of ODPS assigned rehabilitation facilities codes. If the patient is transferred to a licensed nursing home, enter the ODH assigned nursing home facility code. See Appendix 1-D for the list of ODH assigned nursing home facilities codes.

Field #34: Payment Source

- 1 – Primary Source
- 2 – Secondary Source

Code each source with one of the following values

- 01 – Blue Cross (Adult/IRFPAI)
- 02 – Medicare non-MCO (Adult/IRFPAI)
- 03 – Medicaid non-MCO (Adult/IRFPAI)
- 04 – Commercial Insurance (Adult/IRFPAI)
- 05 – MCO HMO (Adult/IRFPAI)
- 06 – Workers’ Compensation (Adult/IRFPAI)
- 07 – Crippled Children's Services / Bureau of Children with Medical Handicaps (Adult/IRFPAI)
- 08 – Developmental Disabilities Services (Adult/IRFPAI)
- 09 – State Vocational Rehabilitation (Adult/IRFPAI)
- 10 – Private Pay (Adult/IRFPAI)
- 11 – Employee Courtesy (Adult/IRFPAI)
- 12 – Unreimbursed (Adult/IRFPAI)
- 13 – CHAMPUS (Adult/IRFPAI)
- 14 – Other (Adult/IRFPAI)
- 15 – None (Adult/IRFPAI)
- 16 – No-Fault Auto Insurance (Adult/IRFPAI)

- 21 – Medicaid non MCO (Pediatric/WeeFIM II)
- 22 – Medicaid Waiver Program (non-MCO) (Pediatric/WeeFIM II)
- 23 – Medicaid MCO (Pediatric/WeeFIM II)
- 24 – Medicaid Waiver Program (MCO) (Pediatric/WeeFIM II)
- 25 – MCO HMO (Pediatric/WeeFIM II)
- 26 – Commercial Insurance/PPO (Pediatric/WeeFIM II)
- 27 – Medicare (Pediatric/WeeFIM II)
- 28 – SSI (Pediatric/WeeFIM II)
- 29 – State Education Department (Pediatric/WeeFIM II)
- 30 – State Vocational Rehabilitation (Pediatric/WeeFIM II)
- 31 – Developmental Disabilities Services (Pediatric/WeeFIM II)
- 32 – Crippled Children's Services / Bureau of Children with Medical Handicaps (Pediatric/WeeFIM II)
- 33 – State health Department/Department of Human Resources (Pediatric/WeeFIM II)
- 34 – Children’s Health Insurance Program (Pediatric/WeeFIM II)
- 35 – Worker’s Compensation (Pediatric/WeeFIM II)
- 36 – TRICARE (Pediatric/WeeFIM II)
- 37 - Private Pay (Pediatric/WeeFIM II)
- 38 – Unreimbursed Care (Pediatric/WeeFIM II)
- 39 - No-Fault Auto Insurance (Pediatric/WeeFIM II)
- 40 – Government program (non U.S.) (Pediatric/WeeFIM II)
- 41 – Other (Pediatric/WeeFIM II)

- 51 – Medicare MCO (Adult/IRFPAI)
- 52 – Medicaid MCO (Adult/IRFPAI)

- 1. Length 4
- 2. Start Position 242
- 3. End Position 245
- 4. Allow blank or not NO
- 5. Data Type (Numeric, Character). NUMERIC

Field Instructions:

The entity that is expected to be responsible for the largest percentage of the patient’s bill for the current encounter, both as a primary payor source as well as a secondary payor source. Values 17-20 and 42-50 are not

Version 1.0 Effective January 1, 2005

utilized.

Select from the pulldown menu the appropriate final payment source responsible for the outstanding charges incurred.

Field #35: Adult Length of Stay in Rehabilitation Facility

Values: mm/dd/yyyy

Interruptions in care #1

1st Interruption date mm/dd/yyyy

1st Return date mm/dd/yyyy

Interruptions in care #2

2nd Interruption date mm/dd/yyyy

2nd Return date mm/dd/yyyy

Interruptions in care #3

3rd Interruption date mm/dd/yyyy

3rd Return date mm/dd/yyyy

- 1. Length 48
- 2. Start Position 246
- 3. End Position 293
- 4. Allow blank or not YES
- 5. Data Type (Numeric, Character). DATE

Field Instructions:

Enter the dates of up to three interruptions in care. The length of stay in the rehabilitation facility will be calculated by subtracting the total number of days of interrupted care from the total number of days from admission to discharge. Using this process will allow the LOS to be calculated

An interruption in care is defined as a discharge from the rehabilitation center and returns to the same facility within three consecutive days.

[Click Here](#) to return to the Table of Contents

Field #36: Pediatric Length of Stay in Rehabilitation Facility

Values: mm/dd/yyyy

Interruptions in care #1

1st Interruption date mm/dd/yyyy

1st Return date mm/dd/yyyy

Interruptions in care #2

2nd Interruption date mm/dd/yyyy

2nd Return date mm/dd/yyyy

Interruptions in care #3

3rd Interruption date mm/dd/yyyy

3rd Return date mm/dd/yyyy

- 1. Length 48
- 2. Start Position 294
- 3. End Position 341
- 4. Allow blank or not YES
- 5. Data Type (Numeric, Character). DATE

Field Instructions:

Enter the dates of up to three interruptions in care. The length of stay in the rehabilitation facility will be calculated by subtracting the total number of days of interrupted care from the total number of days from admission to discharge. Using this process will allow the LOS to be calculated.

APPENDIX 5

Authority/Mandate Ohio Revised Code

§ 4765.06 Incidence reporting system for collecting information on delivery and frequency of services; trauma registries; confidentiality of information.

Text of Statute

(A) The state board of emergency medical services shall establish an emergency medical services incidence reporting system for the collection of information regarding the delivery of emergency medical services in this state and the frequency at which the services are provided. All emergency medical service organizations shall submit to the board any information that the board determines is necessary for maintaining the incidence reporting system.

(B) The board shall establish a state trauma registry to be used for the collection of information regarding the care of adult and pediatric trauma victims in this state. The registry shall provide for the reporting of adult and pediatric trauma-related deaths, identification of adult and pediatric trauma patients, monitoring of adult and pediatric trauma patient care data, determination of the total amount of uncompensated adult and pediatric trauma care provided annually by each facility that provides care to trauma victims, and collection of any other information specified by the board. All persons designated by the board shall submit to the board any information it determines is necessary for maintaining the state trauma registry. At the request of the board any state agency possessing information regarding adult or pediatric trauma care shall provide the information to the board. The board shall maintain the state trauma registry in accordance with rules adopted under section [4765.11](#) of the Revised Code.

Rules relating to the state trauma registry adopted under this section and section [4765.11](#) of the Revised Code shall not prohibit the operation of other trauma registries and may provide for the reporting of information to the state trauma registry by or through other trauma registries in a manner consistent with information otherwise reported to the state trauma registry. Other trauma registries may report aggregate information to the state trauma registry, provided the information can be matched to the person that reported it. Information maintained by another trauma registry and reported to the state trauma registry in lieu of being reported directly to the state trauma registry is a public record and shall be maintained, made available to the public, held in confidence, risk adjusted, and not subject to discovery or introduction into evidence in a civil action as provided in section [149.43](#) of the Revised Code and this section. Any person who provides, maintains, or risk adjusts such information shall comply with this section and rules adopted under it in performing that function and has the same immunities with respect to that function as a person who performs that function with respect to the state trauma registry.

(C) The board and any employee or contractor of the board or the department of public safety shall not make public information it receives under Chapter [4765](#). of the Revised Code that identifies or would tend to identify a specific recipient of emergency medical services or adult or pediatric trauma care.

(D) Not later than two years after the effective date of this amendment, the board shall adopt and implement rules under section [4765.11](#) of the Revised Code that provide written standards and procedures for risk adjustment of information received by the board under Chapter [4765](#). of the Revised Code. The rules shall be developed in consultation with appropriate medical, hospital, and emergency medical service organizations and may provide for risk adjustment by a contractor of the board. Before risk adjustment standards and procedures are implemented, no member of the board and no employee or contractor of the board or the department of public safety shall make public information received by the board under Chapter [4765](#). of the Revised Code that identifies or would tend to identify a specific provider of emergency medical services or adult or pediatric trauma care. After risk adjustment standards and procedures are implemented, the board shall make public such information only on a risk adjusted basis.

(E) The board shall adopt rules under section [4765.11](#) of the Revised Code that specify procedures for ensuring the confidentiality of information that is not to be made public under this section. The rules shall specify the circumstances in which deliberations of the persons performing risk adjustment functions under this section are

Version 1.0 Effective January 1, 2005

not open to the public and records of those deliberations are maintained in confidence. Nothing in this section prohibits the board from making public statistical information that does not identify or tend to identify a specific recipient or provider of emergency medical services or adult or pediatric trauma care.

(F) No provider that furnishes information to the board with respect to any patient the provider examined or treated shall, because of this furnishing, be deemed liable in damages to any person or be held to answer for betrayal of a professional confidence in the absence of willful or wanton misconduct. No such information shall be subject to introduction in evidence in any civil action against the provider. No provider that furnishes information to the board shall be liable for the misuse or improper release of the information by the board or any other person.

No person who performs risk adjustment functions under this section shall, because of performing such functions, be held liable in a civil action for betrayal of professional confidence or otherwise in the absence of willful or wanton misconduct.

Ohio Administrative Code

4765-4-01 State trauma registry.

(A) In carrying out its responsibilities for the collection of trauma data pursuant to section ORC"4765.06 of the Revised Code and this chapter, the board may reference commonly accepted medical diagnostic codes in identifying those conditions that are included within the definition of trauma.

(B) The board shall use the state trauma registry to collect and analyze data that is necessary to evaluate the delivery of adult and pediatric trauma care within the state. The data collected by the state trauma registry shall be of such a nature as to allow the board to identify and evaluate the following:

- (1) Incidence, type, severity, and outcome of trauma injuries;
- (2) Criteria used to establish triage protocols;
- (3) Geographic patterns of injury, including but not limited to areas or regions of the state where improvements are needed in the delivery of trauma care;
- (4) Other factors to consider in recommending, designing, or implementing an integrated statewide trauma care delivery system, including but not limited to public education on trauma and injury prevention, access to trauma care, prehospital availability, and cost of trauma care.

(C) Data and information submitted to, and maintained by, the state trauma registry shall be in such a format that:

- (1) Protects the identity of specific patients to whom medical care has been rendered;
- (2) Identifies specific health care facilities by a code or similar designation other than name;
- (3) Avoids or minimizes duplication of entry.

<JD:"4765-4-02"

4765-4-02 Operation of state trauma registry.

(A) As used in this rule, "subcommittee" means the trauma registry advisory subcommittee authorized in paragraph (B) of this rule.

(B) The state trauma registry established pursuant to section <JL:JUMP,"4765.06","1_PORC"4765.06 of the Revised Code and this chapter shall be overseen by a subcommittee of the state trauma committee, which shall be known as the trauma registry advisory subcommittee.

(C) The board shall make appointments to the subcommittee. Membership of the subcommittee shall include the following:

- (1) Two surgeons selected from a list of nine names, three each submitted by the Ohio chapter of the American college of surgeons, the Ohio state medical association, and the Ohio osteopathic association, respectively. One of the two surgeons chosen shall be affiliated with a facility that has applied for designation as, or has been verified as, a level I or level II trauma center by the

Version 1.0 Effective January 1, 2005

American college of surgeons;

(2) Two emergency physicians, one each selected from list of three names submitted by the Ohio chapter of the American college of emergency physicians and a list of three names submitted by the Ohio chapter of the American academy of pediatrics;

(3) Two trauma registrars selected from a list of three names submitted by the alliance of Ohio trauma registrars;

(4) Two nurses, one each selected from a list of three names submitted by the Ohio society of trauma nurse coordinators and a list of three names submitted by the Ohio emergency nurses association;

(5) Two hospital representatives selected from a list of twelve names, three each submitted by the Ohio hospital association, the Ohio osteopathic association, the association of Ohio children's hospitals, and the health forum of Ohio, respectively;

(6) One prehospital emergency medical services provider selected from a list of three names submitted by each organization representing prehospital emergency medical services providers that is authorized by section <JL:JUMP,"4765.02","1_PORC"4765.02 of the Revised Code to submit nominations to the governor for appointments to the board;

(7) One representative of rehabilitation providers selected from a list of three names submitted by the Ohio rehabilitation association;

(8) One consumer who is not affiliated with an emergency medical services provider, selected from a list of three names submitted by the chairman of the board.

(9) One physical medicine and rehabilitation physician selected from a list of nine names, three each submitted by the Ohio society of physical and rehabilitative medicine, the Ohio state medical association, and the Ohio osteopathic association, respectively.

(10) One county coroner selected from a list of nine names, three each submitted by the Ohio state coroner's association, the Ohio state medical association, and the Ohio osteopathic association, respectively.

(11) Two health information management technicians or medical record coders from non-trauma center hospitals, selected from a list of three names submitted by the Ohio health information management association.

(12) One representative from a regional trauma registry selected from a list of three names submitted by the chairman of the state trauma committee.

(D) In making appointments to the subcommittee, the board shall make a good faith effort to ensure representation from health care facilities of differing size and trauma care capabilities, and from various geographic regions of the state.

(E) The initial subcommittee members shall serve staggered terms. Of the initial appointments to the subcommittee, the board shall designate four members whose terms shall end one year after the initial date of appointment and four members whose terms shall end two years after the initial date of appointment. The remaining initial subcommittee members shall each serve a term of three years. Any member appointed to the subcommittee after the initial appointments shall serve a term of three years. No member shall serve more than two consecutive terms.

(F) The board may fill any vacancies that occur prior to the expiration of a term in the same manner as the original appointment. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed shall serve for the remainder of the unexpired term. Any member appointed to fill an unexpired term shall remain eligible to serve two additional three-year terms.

(G) The subcommittee shall annually select a chairman from among its members.

(H) The subcommittee may establish such task forces or work groups as it deems necessary to assist in its functions.

Version 1.0 Effective January 1, 2005

4765-4-03 Required reporting to state trauma registry.

(A) The following entities shall submit data and information to the state trauma registry:

(1) Health care facilities including:

(a) Hospitals registered under Chapter <JL:JUMP,"3701","1_PORC"3701. of the Revised Code;

(b) Nursing facilities licensed or certified under Chapter <JL:JUMP,"3721","1_PORC"3721. of the Revised Code;

(c) County homes or county nursing homes as defined in section <JL:JUMP,"5155.31","1_PORC"5155.31 of the Revised Code;

(d) Inpatient rehabilitation facilities as defined in Chapter 3701-83 of the Administrative Code;

(e) Ambulatory surgical facilities as defined in section <JL:JUMP,"3702.30","1_PORC"3702.30 of the Revised Code;

(2) State and other public agencies designated by the board that possess information regarding trauma care;

(3) County coroners.

(B) Those entities required to submit data and information to the state trauma registry under this chapter shall provide information regarding injured patients in the following categories that are applicable to its operations:

(1) Trauma patients who meet the minimum requirements set forth by the board for inclusion into the Ohio trauma registry;

(2) Type of trauma injury as identified by medical diagnostic codes designated by the board;

(3) Severity of injury;

(4) Patient outcomes;

(5) Type of prehospital emergency care received by each trauma patient;

(6) Financial data pertinent to trauma care;

(7) Remuneration received from all sources for treatment of trauma patients.

(C) All trauma related deaths shall be reported by the coroner of the county in which the death occurred to the state trauma registry in a manner specified by the board within one hundred-eighty days after the death occurs,

(D) The information required to be provided to the state trauma registry under section <JL:JUMP,"4765.06","1_PORC"4765.06 of the Revised Code and this chapter shall be provided and maintained in such a way as to protect against revealing the identity of the patient. Any person handling information received for the state trauma registry has a fiduciary duty to maintain the confidentiality of such information and shall sign and adhere to a contract with the department of public safety, division of EMS, regarding the confidentiality of such information. If such person violates this fiduciary duty or violates any terms of the contract, the department of public safety, division of EMS, may terminate such person and employ any other remedies, legal or equitable, available to it. Health care facilities and other providers shall be identified in the registry by a code or similar designation other than name.

(E) Except as provided in paragraph (C) of this rule or as otherwise specified by the board, the information required under section <JL:JUMP,"4765.06","1_PORC"4765.06 of the Revised Code and this chapter shall be reported on a quarterly basis and shall be submitted to the state trauma registry not later than ninety calendar days after March thirty-first, June thirtieth, September thirtieth, and December thirty-first of each year. The board may develop policies for granting extensions to the submission deadlines.

(F) The information required to be provided to the state trauma registry under section <JL:JUMP,"4765.06","1_PORC"4765.06 of the Revised Code and this chapter shall be submitted in a format authorized by the board for such purpose,

(G) In identifying the information to be provided to the state trauma registry under section <JL:JUMP,"4765.06","1_PORC"4765.06 of the Revised Code and this chapter, the board shall take into consideration the financial and other burdens that these requirements will place on the entities that are required to report.

(H) Any entity, otherwise required to report to the state trauma registry under section <JL:JUMP,"4765.06","1_PORC"4765.06 of the Revised Code or this chapter, that reports required information to a regional trauma registry need not report individually to the state trauma registry, provided the regional registry reports such information to the state trauma registry in compliance with section <JL:JUMP,"4765.06","1_PORC"4765.06 of the Revised Code and this chapter. Those entities intending to report through a regional registry shall so notify the board in a manner

Version 1.0 Effective January 1, 2005

indicated by the board.

(I) Any entity that fails to submit data and information to the state trauma registry, as required under section <JL:JUMP,"4765.06","1_PORC"4765.06 of the Revised Code or this chapter, may be ineligible to participate in the emergency medical services grants program established under section <JL:JUMP,"4765.07","1_PORC"4765.07 of the Revised Code and as provided in Chapter 4765-5 of the Administrative Code.

HISTORY: Eff 5-19-97; 4-28-02

Rule authorized by: RC <JL:JUMP,"4765.11","1_PORC"4765.11

Rule amplifies: RC <JL:JUMP,"4765.06","1_PORC"4765.06R.C.

<JL:JUMP,"119.032","1_PORC"119.032 review dates: 2/11/2002 and 04/28/2007

<JD:"4765-4-04"

4765-4-04 Definitions.

(A) "Glasgow coma scale" or "GCS" is a numeric rating used to assess the severity of neurologic injury.

(B) "Information that identifies or would tend to identify a specific recipient of emergency medical services or adult or pediatric care" shall have the same meaning as "individually identifiable health information" as defined in the health insurance portability and accountability act (HIPAA) of 1996, attached hereto as an appendix.

(C) As used in HIPAA and this chapter, "Individually identifiable health information" is information that is a subset of health information, including demographic information collected from an individual, and

(1) Is created or received by a health care provider, health plan, employer, or health care clearinghouse; and

(2) Relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and

(a) That identifies the individual; or

(b) With respect to which there is a reasonable basis to believe the information can be used to identify the individual.

(D) "Injury severity score" or "ISS" is a mathematical measure assessing the cumulative effect of injury severity.

(E) "Major Trauma Outcome Study" or "MTOS" is a nationally based research project conducted between 1982 and 1987, which created and validated the TRISS Methodology.

(F) "Risk Adjustment" means methodologies applied to a data set in order to identify and control patient variables that are present which may influence patient outcome.

(G) "TRISS" is a methodology which combines the following variables in order to determine a probability of survival:

(1) Physiologic (Systolic Blood Pressure, Respiratory Rate, Glasgow Coma Scale Score);

(2) Anatomic injury severity score;

(3) Age (55 years or older, or younger than 55 years);

(4) Trauma Type (Blunt or Penetrating Injury).

4765-4-06 Risk adjustment of state trauma registry data.

(A) Methodologies

- (1) TRISS shall be the primary methodology used to risk adjust data in the state trauma registry.
- (2) The subcommittee may evaluate other methodologies and make recommendations to the trauma committee and board on the use of such methodologies.
- (3) The coefficients used to calculate TRISS shall be those derived from the MTOS.
- (4) The subcommittee may evaluate the possibility of creating Ohio specific coefficients, based upon the Ohio trauma registry data set, to utilize with the TRISS methodology, and when appropriate, these equations may be utilized. Additionally, the subcommittee may evaluate other appropriate data sets for use in developing specific coefficients.

(B) Analysis

- (1) The subcommittee shall utilize a variety of acceptable techniques for providing statistical analysis of risk-adjusted data.
- (2) The subcommittee shall utilize a variety of methodologies to risk adjust by sex, age, or other factors, in order to analyze state trauma registry data for specific age groupings, including pediatric and geriatric age groupings.

(C) Risk Adjusted Outcomes

- (1) Mortality shall be an outcome that is risk adjusted. In addition, the subcommittee may evaluate the feasibility of risk adjusting other outcomes and make recommendations to the trauma committee and board on the selection and evaluation of such outcomes.

<JD:"4765-4-07"

4765-4-07 Protected information within the state trauma registry.

(A) Information that identifies or would tend to identify a specific recipient of emergency medical services or adult or pediatric trauma care shall include, but not be limited to, the recipient's social security number, date of birth, and name.

- (1) No records shall be provided in response to a public records request if the request asks for information sorted by, or if the request contains, information that identifies or would tend to identify a specific recipient of emergency medical services or adult or pediatric trauma care.
- (2) No records provided in response to a public records request shall contain any information that identifies or would tend to identify a specific recipient of emergency medical services or adult or pediatric trauma care.

(B) Information that identifies or would tend to identify a specific provider of emergency medical services or adult or pediatric trauma care shall include, but not be limited to, the provider's hospital code, medical record number, and county.

- (1) Prior to the implementation of risk adjustment standards and procedures, no records shall be provided in response to a public records request if the request asks for information sorted by, or if the request contains, information that identifies or would tend to identify a specific provider of emergency medical services or adult or pediatric trauma care.
- (2) Prior to the implementation of risk adjustment standards and procedures, no records provided in response to a public records request shall contain any information that identifies or would tend to identify a specific provider of emergency medical services or adult or pediatric trauma care.
- (3) After risk adjustment standards and procedures are implemented, such records may be made public, but only on a risk adjusted basis.

4765-4-08 Risk adjustment deliberations.

(A) The department of public safety, division of EMS, may contract with individuals or organizations with specific expertise in risk adjustment and statistical analysis of medical data in order to perform risk adjustment of information received by the board under Chapter

<JL:JUMP,"4765","1_PORC"4765. of the Revised Code.

(B) Each person performing risk adjustment of Ohio trauma registry data has a fiduciary duty to maintain the confidentiality of such information. In the event a person performing risk adjustment under this chapter violates this duty, the department of public safety, division of EMS, may terminate such person and employ any other remedies, legal or equitable, available to it.

(C) Each person performing risk adjustment of Ohio trauma registry data shall sign and adhere to a contract with the department of public safety, division of EMS, regarding the confidentiality of such information. In the event a person performing risk adjustment under this chapter violates any terms of this contract, the department of public safety, division of EMS, may terminate such person and employ any other remedies, legal or equitable, available to it.

(D) All meetings in which persons are engaged in performing risk adjustment functions, including deliberations therein, shall not be open to the public.

(E) All records of deliberations of persons performing risk adjustment functions shall be maintained in confidence.

APPENDIX 6

Trauma Registry Advisory Subcommittee

Dr. James Begley M.D.	Physical Medicine/Rehabilitation Physician
Ms. Sally Betz, R.N., MSN	Registered Nurse
Ms. Margie Brunn, CSTR	Trauma Registrar
Ms. Paula Fowles, R.N.	Rehab Representative
Ms. Elizabeth Gash, RHIA	Medical Records Professional
Ms. Roxanna Giambri, RHIA	Regional Trauma Registry Representative
Ms. Vickie Graymire, R.N., MS	Registered Nurse
Mr. Henry Kauffman, EMT-P, Fire Chief	EMS Representative
Dr. Barry Knotts, M.D., FACS, Ph.D	Surgeon, level 1 Trauma Center
Mr. Jon Konves, EMT-P	Trauma Registrar
Dr. Carl Parrott, M.D.	County Coroner
Dr. Douglas Paul, D.O.	Hospital Representative
Ms. Vicki Ruppert, R.N., BSN	Hospital Representative
Mr. Michael Smeltzer, MPH	Consumer
Dr. Richard Treat, M.D.	Surgeon, non level 1 Trauma Center
Ms. Debbie Znosko, CCS	Medical Records Professional

APPENDIX 7

File Key Lay Out

No.	Field Name	Length	Type	Start	End	Nullable	Values	Instructions
1	Rehabilitation Facility Code	4	N	1	4	NO	The facility code assigned by the Ohio Department of Public Safety. See Appendix 1 - ODPS Rehabilitation Facility Codes.	Must be present on all records submitted to the Ohio Department of Safety. A four-digit code assigned by the Ohio Department of Public Safety. This code needs to be entered initially. After initial entry it will automatically be entered for each record.
2	Unique Patient Encounter/Admission Number	15	A	5	19	NO	A number assigned by each facility to the patient at the time of admission. This number should be unique for each patient AND each visit. This number may be referred to as a patient account number. Medical record numbers are typically specific to each patient BUT are frequently the same for all rehabilitation facility visits by the same patient.	Enter the rehabilitation facility's unique patient number for this patient. This record is for audit purposes only and will not be made public.
3	Date Exported	8	DATE	20	27	NO	Date (mmddyyyy) that this record was submitted to the Ohio Trauma Registry.	This is a generated field and will be completed when the record is exported to Ohio Trauma Registry.
4	Zip Code of Residence	5	N	28	32	NO	The patient's five-digit zip code for place of residence, at the time of their injury. Enter "99999" for patients that reside outside of the USA.	Enter in the patients' zip code number of their residence at the time of their injury. If patient is homeless, enter the zip code of the location of injury. Enter "99999" for patients that reside outside of the USA. Do not enter the 4-digit extension.
5	Patient's Date of Birth	8	DATE	33	40	NO	mmddyyyy	The patient's date of birth. Enter the month, day and year of the patient's Date of Birth. If the patients age is known, but the date of birth is not, enter 01/01/YYYY (YYYY appropriate to patients known age) Entire year must be used Example: 1998 Enter in the patient's date of birth. Must use this format "01/01/1998". It is necessary to enter the year using the entire year.
6	Gender	1	N	41	41	NO	1 - Male 2 - Female 3 - ND (Not Documented)	The patient's gender at the injury date. Enter the patient's gender using the options available from code table above. Use the pull-down menu to select this field. Select the most appropriate option.
7	Race/Ethnicity	1	N	42	42	NO	1 - American Indian or Alaskan Native 2 - Asian 3 - Black, not of Hispanic origin 4 - Hispanic or Latino 5 - Native Hawaiian or Other Pacific Islander 6 - White 7 - Other 8 - Multi-racial 9 - ND (Not Documented)	The patient's race/ethnic group. Enter the patient's race from the available options. Use the pull-down menu to select this field. Select the most appropriate option. If more than one race value #1 to #6 is selected then value number 8 - <i>Multiracial</i> must be selected. Note that pediatric facilities are limited to selection of only one value. Adult facilities can select multiple values, which will reported as 8 - multi-racial.
8	Date of Onset (Date Injury Occurred)	8	DATE	43	50	NO	mmddyyyy	The date the injury occurred. Enter the month, day and year of the injury. The year must be 4-digits. Example: 1998. The date on which injury

Version 1.0 Effective January 1, 2005

								<p>occurred must be the earliest date associated with the trauma event. All treatment dates must be equal to or after the date on which the injury occurred. Enter the patient's actual date of injury.</p>
9	Rehabilitation Admission From	2	N	51	52	NO	<p>01 - Home 02 - Board and Care 03 - Transitional Living 04 - Intermediate care 05 - Skilled Nursing Facility 06 - Acute Unit of own facility 07 - Acute Unit another facility 08 - Chronic Hospital (LTAC) 09 - Rehabilitation facility 10 - Other 12 - Alternate Level of care 13 - Subacute setting 14 - Assisted Living Residence</p>	<p>If # 4, 5, 7, or 9 is selected, field # 10 Transferring Facility ID must be completed. Value number 11 is purposefully not utilized for this field. Home: A private, community based dwelling (a house, apartment, mobile home, etc) that houses the patient, family, or friends.</p> <p>Board and Care: A community based setting where individuals have private space (either a room or apartment), or a structured retirement facility. The facility may provide transportation, laundry, and meals, but no nursing care.</p> <p>Transitional Living: A community based, supervised setting where individuals are taught skills so they can live independently in the community.</p> <p>Intermediate care (nursing home): A long term care setting that provides health related services but a registered nurse is not present 24 hours a day. Patients live by institutional rules; care is ordered by a physician, and a medical record is maintained. Patients in intermediate care are generally less disabled than those in skilled care facilities</p> <p>Skilled Nursing Facility (nursing home): A long term care setting that provides skilled nursing services. A registered nurse is present 24 hours a day. Patients live by institutional rules; care is ordered by a physician, and a medical record is maintained.</p> <p>Acute Unit of own Facility: An acute medical/surgical care unit in the same facility as the rehabilitation unit.</p> <p>Acute Unit another Facility: An acute medical/surgical care facility separate from the rehabilitation unit.</p> <p>Chronic Hospital (LTAC): A long-term care setting classified as a hospital, long term acute care.</p> <p>Rehabilitation facility: An inpatient setting that admits patients with specific disabilities and provides a team approach to comprehensive rehabilitation services, with a physiatrist (or physician of equivalent training/experience) as the physician of record.</p> <p>Other: Used only if no other code is appropriate</p> <p>Alternate Level of care: A physically and fiscally distinct unit that provides care to individuals who no longer meet acute care criteria</p> <p>Subacute setting: Subacute care is goal-oriented, comprehensive,</p>

Version 1.0 Effective January 1, 2005

								<p>inpatient care designed for an individual who has an acute illness, injury or exacerbation of a disease process. It is rendered immediately after, or instead of, acute hospitalization to treat one or more specific active, complex medical conditions an overall situation. Generally the condition of an individual receiving subacute care is such that the care does not depend heavily on high technology monitoring or complex diagnostic procedures. Subacute care requires the coordinated services of an interdisciplinary team, including physicians, nurses, and other relevant professional disciplines whoa re knowledgeable and trained to assess and manage specific conditions and perform the necessary procedures. Subacute care is given as part of a specially designed program, regardless of the site. Subacute care is generally more intensive than traditional nursing home care, but less than acute inpatient care. It requires frequent (daily to weekly) patient assessment and review of the clinical course and treatment plan for a limited time period (several days to several months), until a condition is stabilized or a predetermined course is completed.</p> <p><u>Assisted Living Residence:</u> A community based setting that combines housing, private quarters, freedom of entry and exit, supportive services, personalized assistance, and healthcare designed to respond to individual needs of the those who need help with activities of daily living and instrumental activities of daily living. Supportive services are available 24 hours a day to meet scheduled and unscheduled needs in a way that promotes maximum dignity and independence for each resident. These services involve the resident's family, neighbors, and friends.</p>
10	Pediatric Prehospital Setting	2	N	53	54	YES	<p>01 - Home 02 - Transitional living center 03 - Skilled nursing facility 05 - Other 06 - ND</p>	Select the value that most accurately describes the patients living arrangements prior to their hospitalization. Note the value 04 is not used in this field.
11	Pediatric Living With	2	N	55	56	YES	<p>01 - Two parents 02 - One parent 03 - Relatives 04 - Foster care 05 - Shelter 06 - Other 07 - ND</p>	Select a value in this field ONLY if the value selected in field # 10 <i>Pediatric Prehospital Setting</i> is equal to "01-Home"
12	Pediatric Education Category	2	N	57	58	YES	<p>01 - Not a student 02 - Early Intervention program 03 - Preschool 04 - Kindergarten through 12th 05 - Other</p>	Select the value
13	Pediatric Educational Setting	2	N	59	60	YES	<p>01 - Regular Class 02 - Special class (approx. 12:1) 03 - Special Class (approx. 6:1) 04 - Home-based 05 - Day Care/nursery school/center-based/community 06 - NA</p>	If value 2, 3 or 4 is selected for the Pediatric Education Category, then an appropriate value for this field must be reported. If 01 or 05 is selected for Pediatric Education Category, then 06- NA must be selected.

Version 1.0 Effective January 1, 2005

14	Adult Prehospital Living With	2	N	61	62	YES	01 - Alone 02 - Family/Relatives 03 - Friends 04 - Attendant 05 - Other 06 - ND	Select the value that most accurately describes the patients living arrangements prior to their hospitalization.
15	Adult Prehospital Vocational Category	2	N	63	64	YES	01 - Employed 02 - Sheltered 03 - Student 04 - Homemaker 05 - Not Working 06 - Retired for Age 07 - Retired for Disability 08 - ND	Select the value that most accurately describes the patients' vocation prior to their hospitalization. Employed - The patient works for pay in a competitive environment or is self employed Sheltered - The patient works for pay in a non-competitive environment Student - the patient is enrolled in an accredited school (including trade school), college or university. Homemaker - The patient works at home, does not work outside the home, is not paid by an employer, and is not self employed Not Working - The patient is unemployed, but is not retired or receiving disability benefits Retired for Age - The patient is retired (usually 60 years of age or older) and is receiving retirement benefits Retired for Disability - The patient is receiving disability benefits and is less than 60 years of age.
16	Adult Prehospital Vocational Effort	2	N	65	66	YES	01 - Full-time 02 - Part-time 03 - Adjusted Work load 04 - NA 05 - ND	Select the value that most accurately describes the patients vocation prior to their hospitalization, if values 1 - 4 are selected in field # __ Prehospital Vocation Category, then 01-03 are valid selections for this field. If 05-07 are selected in field # __, then 04 must be selected. Full-time - The patient worked a full schedule (i.e. 37.5 or 40 hours per week) - which ever is normal where he/she works Part-time - The patient worked less than full time (i.e. less than 37.5 or 40 hours per week) depending on the norm where he/she works. Adjusted Workload - The patients workload was adjusted due to disability. The patient was not able to perform all the work duties of the position
17	Transferring Facility ID	4	N	67	70	NO	ODH or ODPS assigned number.	If the patient is transferred from an Ohio hospital, enter the ODH assigned Ohio hospital code. See Appendix 1-A for the list of ODH assigned Ohio hospital codes If the patient is transferred from an out of state hospital, enter the ODPS assigned out of state hospital code. See Appendix 1-B for the list of ODPS assigned out of state hospital codes. If the patient is transferred from an Ohio Rehabilitation Facility, enter the ODPS assigned Ohio Rehabilitation Facility code. See Appendix 1-C for the list of ODPS assigned Ohio Rehabilitation Facility codes If the patient is transferred from an Ohio Nursing Facility, enter the ODH assigned Ohio Nursing Facility code. See Appendix 1-D for the list of ODH assigned Ohio Nursing Facility codes
18	Rehabilitation Facility	8	DATE	71	78	NO	mmddyyyy	The arrival date that the patient actually arrived at the rehabilitation

Version 1.0 Effective January 1, 2005

	Arrival Date							facility. Enter the month, day and year. The actual date that the patient arrived at the rehabilitation facility. Date format: 01/29/1998. The year must be complete year (1998).
19	Etiologic Diagnosis (ICD-9-CM Code)	5	N	79	83	YES	Report the ICD-9-CM diagnosis codes	Use an ICD-9-CM code to indicate the etiologic problem that led to the condition for which the patient is receiving rehabilitation. These should be diagnosis codes, not external cause of injury codes. When creating a data file the decimal point MUST be used. Example: 801.11 = 801.11 or 810 = 810.0. Give the complete code not category codes.
20	Co-Morbid Conditions (ICD-9-CM Codes)	50	N	84	133	YES	Report 10 additional ICD-9-CM codes of diagnoses	The ICD-9-CM code for each injury diagnosis. List up to 10 codes. When creating a data file the decimal point MUST be used. Example: 801.11 = 801.11 or 810 = 810.0
21	Complications during Rehabilitation Stay (ICD-9-CM Codes)	30	N	134	163	YES	Report up to 6 ICD-9-CM codes	Enter an ICD-9-CM code for each complication that began with this rehabilitation stay. List up to 6 codes. When creating a data file the decimal point MUST be used. Example: 801.11 = 801.11 or 810 = 810.0
22	Disability Assessment Tool Adult/Pediatric	1	N	164	164	NO	1 - Adult 2 - Pediatric	Facilities using an adult assessment-scoring model (i.e. FIMTM) should select <i>1 - Adult</i> . Facilities that use a pediatric scoring model, (i.e. WeeFIMTM) regardless of the patient's age should select <i>2 - Pediatric</i> .
23	Disability Assessment upon Admission	18	N	165	182	NO	0 - Activity Does Not Occur 1 - Total Assistance 2 - Maximum Assistance 3 - Moderate Assistance 4 - Minimal Assistance 5 - Supervision 6 - Modified Independence 7 - Complete independence 25 Self-Care: Eating 26 Self-Care: Grooming 27 Self-Care: Bathing 28 Self-Care: Dressing-Upper Body 29 Self Care: Dressing-Lower Body 30 Self-Care: Toileting 31 Sphincter Control: Bladder Management 32 Sphincter Control: Bowel Management 33 Transfers: Bed, Chair, Wheelchair 34 Transfers: Toilet 35 Transfers: Tub, Shower 36 Locomotion: Walk. Wheelchair 37 Locomotion: Stairs 38 Communication: Comprehension 39 Communication: Expression 40 Social Cognition: Social Interaction 41 Social Cognition: Problem Solving 42 Social Cognition: Memory Motor Subscore	Motor Subscore is a calculated field, the sum of fields #25 through #37 Cognitive Subscore is a calculated field; the sum of fields #38 through #42 Total Motor and Cognitive score is a calculated field, the sum of Motor subscore and Cognitive subscore Disability Assessment upon admission should be determined during the first three calander days of the patients admission

Version 1.0 Effective January 1, 2005

							Cognitive subscore Total Motor and Cognitive score	
24	Disability Assessment Score upon Discharge	18	N	183	200	NO	1 - Complete Dependence 2 - Maximum assistance 3 - Moderate Assistance 4 - Minimal Assistance 5 - Supervision 6 - Modified Independence 7 - Complete independence 25 Self-Care: Eating 26 Self-Care: Grooming 27 Self-Care: Bathing 28 Self-Care: Dressing-Upper Body 29 Self Care: Dressing-Lower Body 30 Self-Care: Toileting 31 Sphincter Control: Bladder Management 32 Sphincter Control: Bowel Management 33 Transfers: Bed, Chair, Wheelchair 34 Transfers: Toilet 35 Transfers: Tub, Shower 36 Locomotion: Walk. Wheelchair 37 Locomotion: Stairs 38 Communication: Comprehension 39 Communication: Expression 40 Social Cognition: Social Interaction 41 Social Cognition: Problem Solving 42 Social Cognition: Memory Motor Subscore Cognitive subscore Total Motor and Cognitive score	Motor Subscore is a calculated field, the sum of fields #25 through #37 Cognitive Subscore is a calculated field; the sum of fields #38 through #42 Total Motor and cognitive score is a calculated field, the sum of Motor subscore and cognitive subscore
25	Date of Discharge or Death	8	DATE	201	208	NO	mmddyyyy	Enter the date of the patient's discharge, transfer or death from the rehabilitation facility. The actual date that the patient was discharged from the rehabilitation facility or date that the patient was pronounced dead. Date format: 01/29/1998. The year must be complete year (1998).
26	Discharge Status	1	N	209	209	NO	1 - Alive 2 - Dead	Enter the status of the patient upon discharge from the rehabilitation facility. The patient was alive or dead when they left the rehabilitation facility.
27	Adult Discharge Disposition	2	N	210	211	YES	01 - Home 02 - Board and Care 03 - Transitional Living 04 - Intermediate care 05 - Skilled Nursing Facility 06 - Acute Unit of own facility 07 - Acute Unit another facility 08 - Chronic Hospital (LTAC) 09 - Rehabilitation facility 10 - Other	The patient's disposition upon discharge from the rehabilitation facility. If #01 is selected you must make an entry in Field # <i>XX Discharge Living With</i> . If #04, 05, 07, or 09 is selected you must enter an ODPS or ODH Assigned facility code in field # <i>XX-Transfer to Other Rehabilitation Facility</i> .

Version 1.0 Effective January 1, 2005

							11 - Died 12 - Alternate Level of care 13 - Subacute setting 14 - Assisted Living Residence	
28	Adult Discharge Living With	2	N	212	213	YES	01 - Alone 02 - Family/Relatives 03 - Friends 04 - Attendant 05 - Other 06 - NA	If values 1, 2, 3 or 14 are selected in field #27 - <i>Adult Discharge Disposition</i> , then values 01 through 05 are valid for this field, otherwise 06- NA must be selected.
29	Pediatric Discharge Disposition	2	N	214	215	YES	01 - Home 02 - Transitional living center 03 - Skilled nursing facility 05 - Other 06 - ND	Select the value that most accurately describes the patients living arrangements prior to their hospitalization. Note that the value "04" is not used in this field.
30	Pediatric Discharge Living With	2	N	216	217	YES	01 - Two parents 02 - One parent 03 - Relatives 04 - Foster care 05 - Shelter 06 - Other 07 - ND	Select a value in this field ONLY if the value selected in field # 29 <i>Pediatric Prehospital Setting</i> is equal to "01-Home"
31	Discharge Referrals	10	N	218	227	NO	01 - Referral to Bureau of Vocational Rehabilitation 02 - Referral to Bureau of Visual Impairment 03 - Outpatient therapy 04 - Home Health Services 05 - Other (examples - homeless or women's shelters, protective services, etc.) 09 - No Referrals Made	More than one value may be selected.
32	Transfer to Other Hospital/Facility	4	N	228	231	YES/NO	ODH assigned # for in-state hospitals ODPS assigned # for out of state hospitals ODPS assigned # for rehabilitation facilities ODH assigned # for licensed nursing home May be BLANK if Field Number #27 is NOT = 5, 6, 7, 8, 9 (adult) or if Field Number #29 is NOT = 03	Enter the location of the patient disposition from the hospital. If the patient is transferred to another Ohio hospital, enter the ODH assigned Ohio hospital code. See Appendix 1-A for the list of ODH assigned Ohio hospital codes. If the patient is transferred to an out of state hospital, enter the ODPS assigned out of state hospital code. See Appendix 1-B for the list of ODPS assigned out of state hospital codes. If the patient is transferred to a rehabilitation facility, enter the ODPS assigned rehabilitation facility code. See Appendix 1-C for the list of ODPS assigned rehabilitation facilities codes. If the patient is transferred to a licensed nursing home, enter the ODH assigned nursing home facility code. See Appendix 1-D for the list of ODH assigned nursing home facilities codes.
33	Billed Rehabilitation Facility Charges	10	N	232	241	YES	Whole Dollar amount of total rehabilitation facility charges rounded off to the nearest dollar Blank* - Not Documented It is acceptable to leave this field blank . Calculations that will be performed on this field (addition, averages, means, etc.) require either a whole dollar amount or a blank field. DO NOT use "ND" or "9999" in this field.	The final billed amount charged for this admission, excluding professional fees, at the rehabilitation facility, expressed in a whole dollar figure. Total amount charged to the patient for treatment received at the rehabilitation facility expressed in a whole dollar amount. *If the information is not documented leave this field blank.

Version 1.0 Effective January 1, 2005

34	Payment Source	4	N	242	245	NO	<p>1 - Primary Source 2 - Secondary Source</p> <p>Code each source with one of the following values 01 - Blue Cross 02 - Medicare non-MCO 03 - Medicaid non-MCO 04 - Commercial Insurance 05 - MCO HMO 06 - Workers' Compensation 07 - Crippled Children's Services / Bureau of Children with Medical Handicaps 08 - Developmental Disabilities Services 09 - State Vocational Rehabilitation 10 - Private Pay 11 - Employee Courtesy 12 - Unreimbursed 13 - CHAMPUS 14 - Other 15 - None 16 - No-Fault Auto Insurance 51 - Medicare MCO 52 - Medicaid MCO</p>	<p>The entity that is expected to be responsible for the largest percentage of the patient's bill for the current encounter, both as a primary payor source as well as a secondary payor source. Values 17-50 are not utilized.</p> <p>Select from the pulldown menu the appropriate final payment source responsible for the outstanding charges incurred.</p>
35	Adult Length of Stay in Rehabilitation Facility	48	DATE	246	293	YES	<p>mm/dd/yyyy Interruptions in care #1 1st Interruption date mm/dd/yyyy 1st Return date mm/dd/yyyy</p> <p>Interruptions in care #2 2nd Interruption date mm/dd/yyyy 2nd Return date mm/dd/yyyy</p> <p>Interruptions in care #3 3rd Interruption date mm/dd/yyyy 3rd Return date mm/dd/yyyy</p>	<p>Enter the dates of up to three interruptions in care. The length of stay in the rehabilitation facility will be calculated by subtracting the total number of days of interrupted care from the total number of days from admission to discharge. Using this process will allow the LOS to be calculated</p> <p>An interruption in care is defined as a discharge from the rehabilitation center and returns to the same facility within three consecutive days.</p>
36	Pediatric Length of Stay in Rehabilitation Facility	48	DATE	294	341	YES	<p>mm/dd/yyyy Interruptions in care #1 1st Interruption date mm/dd/yyyy 1st Return date mm/dd/yyyy</p> <p>Interruptions in care #2 2nd Interruption date mm/dd/yyyy 2nd Return date mm/dd/yyyy</p> <p>Interruptions in care #3 3rd Interruption date mm/dd/yyyy 3rd Return date mm/dd/yyyy</p>	<p>Enter the dates of up to three interruptions in care. The length of stay in the rehabilitation facility will be calculated by subtracting the total number of days of interrupted care from the total number of days from admission to discharge. Using this process will allow the LOS to be calculated.</p>
