

CENTER FOR EMERGENCY PREPAREDNESS **BEYOND THE CALL**

36 Hour Volunteer Firefighter Training

The 36 Hour Volunteer Fire Training Course meets the state requirements for Volunteer fire training. This course prepares the individual to sit for the state Exam.

Training at the Center for Emergency Preparedness allows the student to go beyond the classroom and face real world training opportunities in a dynamic hands-on environment. To hear it and then live it enables the Volunteer Firefighter to retain and use this vital training on actual fire scenes. Personal safety and Firefighter survival is stressed during the course.

Classes begin Oct 30 and run Tuesday and Thursday evenings through December 13 (except for Thanksgiving week).

Cost is \$299 and includes books.

Class size is limited to 15 students so register early by calling 567-661-2411
