Resource Sheet

Two-point Credit

A person who has accumulated more than two but not more than 12 points for traffic violations may earn a two-point credit toward his or her driving record by completing an approved remedial driving course. You may enroll in remedial driving classes in order to receive a two-point credit, up to five times in a lifetime, once every three years.

For the names of schools offering such a course in your county, look on the Web page at:

drivertraining.ohio.gov and click on "Approved Schools".

NOTE: The two-point "credit" offered under this program does not mean that any conviction is erased from your official driving record or that your insurance company will not count all prior convictions against you when setting premium rates. All convictions remain on your record, but the points needed for the 12-point suspension are extended by two.

Adult Remedial Driving Course: Drivers 19 years of age or older may complete the Adult remedial driving instruction.

The juvenile driver intervention program may not be completed if the applicant is 19 years of age or older. The applicant will be advised to complete the eight hour remedial course.
