### AGENDA TOPICS

<b>TOPIC</b>	<b>Welcome</b>
<b>DISCUSSION</b>	The meeting was called to order by Julie Rose at 2:07 pm.

ACTION ITEMS	PERSON RESPONSIBLE	DEADLINE
None		

<b>TOPIC</b>	<b>PURPOSE/REQUIREMENTS</b>
<b>DISCUSSION</b>	<p>We went around the room and everyone introduced themselves, and shared their credentials and their experience in the medical and medical transportation field. The focus of this committee is to address critical care issues. This committee will usually meet every other month, the day before the Emergency Medical, Fire, Transportation Services Board meeting is held. The appointments to the committee are done yearly, and they will need to be reappointed each year by the members of the EMFTS Board.</p> <p>The first priority of this committee is to work on updating the Air Medical Rules, ORC 4766-5-22. This committee will be a great resource for working on transportation safety, making sure rules and regulations for critical care funding for Medicare, and Medicaid, input on equipment needs for critical care, triage rules, and transportation as a whole.</p> <p>A number of changes were suggested for the Air Medical Rules, Connie White, the EMS liaison, took down all the suggestions, and will forward these changes to members of the Sub-Committee to see if there are any further suggestions of changes to be made before this sub-committee meets again in December.</p>

ACTION ITEMS	PERSON RESPONSIBLE	DEADLINE
None		

ACTION ITEMS	PERSON RESPONSIBLE
Any final suggestions for changes to the Air Medical Rules need to be drafted and forwarded to the Board by January 17, 2014.	Members of the Critical Care Sub-Committee
