ACTION ITEMS		PERSON RESPONSIBLE	DEADLINE	
TOPIC	Old Business			
TOPIC	Capnography Initiative			
Discussion (Dr. Carol Cunningham)	Dr. Cunningham presented a PowerPoint she created regarding the Capnography Initiative and asked the committee to review it and offer suggestions. Dr. Cunningham stated that while this committee would have the final say in the finished product that would be presented to the EMFTS Board, she had also shared it with the Regional Physician Advisory Board and planned to share it with the Medical Oversight Committee to get their input as well. Several suggestion were made, and discussion was held regarding the level the presentation was written for. Dr. Cunningham explained that it was directed towards medical directors and instructors, and was not necessarily meant to be used at the classroom level. However, it has been constructed so that it can also easily be adjusted to accommodate any level of EMS for classroom use. Motion was made by Chuck Sowerbrower that the presentation, as edited at this meeting and any potential changes made by the Medical Oversight Committee, and upon approval of the EMFTS Board, be used as a resource tool for EMS Instructors in the State of Ohio. Motion was seconded by Mary Ahlers, motion was passed.
