

Become a Fire Safety Inspector?

To be an eligible candidate for this 72 hour course, you must be a firefighter currently certified by the State of Ohio and be employed by a firefighting agency or the Office of State Fire Marshal. You must be eighteen years of age to be eligible for certification. You will have to successfully complete the course of training through one of Ohio's chartered fire training programs, which are located at multiple locations throughout the state. To find the training program nearest you, please visit <https://www.dps.state.oh.us/ems/training.asp>.
