

Become a Fire Service Instructor?

To be an eligible candidate for this 70 hour course, you must be a firefighter or fire safety inspector currently certified by the State of Ohio and have 5 years out of the preceding 7 years of experience as a certified firefighter or fire safety inspector. For admission to the course, you must pass a knowledge exam at the Firefighter II or Fire Safety Inspector level. You will have to successfully complete the course of training through one of Ohio's chartered fire training programs, which are located at multiple locations throughout the state. For more information about the Fire Service Instructor curriculum, visit <http://codes.ohio.gov/oac/4765-11-15> (Fire Instructor) or <http://codes.ohio.gov/oac/4765-11-16> (Fire Safety Inspector Instructor). To find the training program nearest you, please visit <https://www.dps.state.oh.us/ems/training.asp>.
