

How Do I Become an EMS Instructor?

Thank you for your interest in Emergency Medical Services (EMS) education. It is said that students learn more from their teachers than their textbooks. With that in mind, the State Board of Emergency Medical Services (EMS Board) has determined that all EMS initial training and EMS continuing education must be taught by competent and knowledgeable instructors.

The EMS Board may issue four levels of certificates to teach: 1) EMS Instructor; 2) Assistant EMS instructor; 3) EMS Continuing Education Instructor; and 4) Physician as EMS instructor. By law, section 4765.23 of the Ohio Revised Code (ORC), only those issued an EMS certificate to teach by the EMS Board may teach courses offered through an EMS accredited training program or an approved continuing education training program.

An EMS certificate to teach is issued to an applicant who meets the qualifications established in the Ohio Administrative Code (OAC) and adopted by the EMS Board. The following link has been provided for the complete text of the instructor rules <http://codes.ohio.gov/oac/4765-18>. Reference OAC 47565-18-05 for EMS Instructor qualifications; OAC 47565-18-18 for Assistant EMS Instructor qualifications; OAC 47565-18-15 for EMS Continuing Education Instructor qualifications; and OAC 47565-18-09 for Physician as EMS Education Instructor qualifications.

An applicant for a certificate to teach as an **EMS Continuing Education Instructor** must be currently certified/licensed as a First Responder, an EMT, a Registered Nurse (RN), a Physician Assistant (PA) or a Physician. An EMS Continuing Education Instructor may teach EMS continuing education courses, on any topic, to the level of the instructor's certificate to practice. An EMS Continuing Education Instructor is required to complete four (4) hours of EMS teaching and either two (2) instructional CE hours or successfully complete the instructional methods examination to renew the certificate to teach. To apply for certificate to teach as an EMS Continuing Education Instructor an applicant must:

- Have held a certificate/license as a FR, EMT-B, EMT-I, EMT-P, RN or PA at least 3 of the past 5 years;
- Submit written documentation of qualifications to teach to EMS Program Director;
- Verify compliance with OAC 4765-8-01 (A)(6) to (A)(12)
- Obtain Program Director's signature on application;
- Submit a completed application as approved by the Board.

An applicant for a certificate to teach as an **Assistant EMS Instructor** must be currently certified/licensed as a First Responder, an EMT, an RN, a PA or a Physician. An Assistant EMS Instructor may teach EMS initial training courses and continuing education courses, on any topic, to the level of the instructor's certificate to practice. An Assistant EMS Instructor is required to complete sixteen (16) hours of EMS teaching and either six (6) instructional CE hours or successfully complete the instructional methods examination to renew the certificate to teach. To apply for certificate to teach as an Assistant EMS Education Instructor an applicant must:

- Have held a certificate/license as a FR, EMT-B, EMT-I, EMT-P, RN or PA at least 3 of the past 5 years;
- Pass the Instructor Knowledge exam at the level of certification (RN & PA tests at Medic level);
- Pass the practical skills exam at the level of certification (RN & PA tests at Medic level);
- Complete 8 hours of instruction specific to the field of EMS and
- Complete 10 hours of supervised teaching under auspices of an accredited institution;
- Comply with OAC 4765-8-01 (A)(6) to (A)(12);
- Submit a completed application as approved by the Board.

An applicant for a certificate to teach as an **EMS Instructor** must be currently certified/licensed as a First Responder, an EMT, an RN, a PA or a Physician. An EMS Instructor may teach EMS initial training

courses and continuing education courses, on any topic, to the level of the instructor's certificate to practice. An EMS Instructor is required to complete sixteen (16) hours of EMS teaching and either six (6) instructional CE hours or successfully complete the instructional methods examination to renew the certificate to teach. To apply for certificate to teach as an EMS Education Instructor an applicant must:

- Have held a certificate/license as a FR, EMT-B, EMT-I, EMT-P, RN or PA at least 5 of the past 7 years;
- Pass the Instructor Knowledge exam at the level of certification (RN & PA tests at Medic level);
- Pass the practical skills exam at the level of certification (RN & PA tests at Medic level);
- Complete 8 hours of instruction specific to the field of EMS and
- Complete 10 hours of supervised teaching under auspices of an accredited institution;
- Complete 50 hours in instruction of adult students and basic teaching techniques;
- Comply with OAC 4765-8-01 (A)(6) to (A)(12);
- Submit a completed application as approved by the Board.

An applicant for a certificate to teach as a **Physician as EMS Instructor** must be currently licensed as a Physician in Ohio. A Physician as EMS Instructor may teach EMS initial training courses and continuing education courses and is not required to complete instructional CE hours or a minimum number of EMS teaching hours to renew the certificate to teach. To apply for certificate to teach as a Physician as EMS Education Instructor an applicant must:

- Comply with OAC 4765-8-01 (A)(6) to (A)(12);
- Submit a completed application as approved by the Board.

An initial application for a certificate to teach may be found on the EMS Web Site using the following link http://www.ems.ohio.gov/ems_forms.stm or contact an Education Coordinator at the Division of EMS.
