

Reinstate my Fire Service Instructor certification?

If you are expired less than 6 months, you will need to pass the state instructional techniques examination. Between 6 and 12 months, you must complete 10 hours of supervised teaching in addition to passing the state techniques examination. Between 12 and 24 months, you must complete 10 hours of supervised teaching, complete an 8 hour curriculum module at a chartered fire training program, and pass the state techniques examination. You must pass the examination with a 70% or better within 3 attempts. After 24 months you must repeat the course of training.
